COMMENTS TO AUTHOR: (Please use additional sheet(s) if necessary)

Interesting paper overall but following are required in paper to improve quality

1. Justify IT research contribution in the abstract
2. Hypothesize the problem clearly in the paper. And reflect on the same in conclusion in light of facts identified
3. Discussion on limitations of the work is missing
4. Difference of research contribution and achievement of objectives when compared to other such studies in light of results presented in literature is missing or is not clear in text.
