

CHAPTER V

CONCLUSION AND SUGGESTIONS

A. Conclusion

1. Icon, index and symbols can be found in film, in this case especially in Parasite film. As in this film found 17 (52%) indexes, 10 (32%) icons and 6 (18%) symbols.
2. Sign in Parasite realized in individual and social relation either in verbal and non-verbal communication.
3. Sign found in Parasite film were for several reason. They are to identify visual things, to show cause and effect and to communicate metaphorical and non-metaphorical things.

B. Suggestions

In relation to conclusion, suggestion are staged as the following:

1. This research can be used as one of reference to enrich the knowledge about semiotics, especially in film.
2. The finding of this study were suggested for film audience to enrich their interpretation about sign in film, especially in Parasite film.
3. It is suggest for the next research to explore about semiotics meaning in other films, in other languages for film was not only produce in English language and not only in live action but also in animated one and writer hope this research could be used as of reference.
