

## ACKNOWLEDGEMENT

Praise and gratitude to the Lord Jesus Christ who has given His grace, so that the author can complete this thesis well. This thesis was prepared to fulfill some of the requirements needed to achieve a Bachelor of Education degree in the Chemistry Education Study Program, Faculty of Mathematics and Natural Sciences (FMIPA), Medan State University (UNIMED). Thank you very much to parents who always support and encourage the author. Thank you mam Nora Susanti, S.Si M.Sc, Apt as the thesis supervisor who gave so much advice and support to the author.

I also thank Prof. Dr. Retno Dwi Suyati, M.Si, Mrs. Dr. Iis Siti Jahro, M.Si and Mr. Feri Andi Syuhada, S.Pd., M.Pd as examiners who have guided the author in lectures. The author also does not forget to thank Drs. Jasmidi, M.Si as the academic supervisor who has guided the author in lectures as well as to all Mr. and Mrs. lecturers and staff of the Department of Chemistry, FMIPA Unimed, who have provided knowledge and helped writers during lectures.

The authors also thank the Principal, Deputy Principal, Administrative Staff, Chemistry Teachers and Students of SMA Iskandar Muda Medan especially to the students of class XI IPA 5 who have helped the author during the research process.

I thank my older brothers Jodi Pratama Siahaan, Berky Tarigan and Jusen Tarigan who have encouraged and supported me during the writing of this thesis. Thank you to my aunt as my spiritual mother who always prays for me, thank you to the family of love in God, namely Litna Sitepu, Rima Isabella, Nella Sembiring, and also the KKTB group, namely Via Tarigan and Ana Sitepu who always pray for and support me. And also to the youth of GKMI Kasih Anugerah and the Prayer Team who have always been a place to vent and always pray for me and also thank my friends in the KKN struggle, Elsim, Else, Bunga, Eca, marisa, especially Elmira Sihite who has struggled together in the completion of this thesis. Thank you to my sister Ika who always support me and to all and to all bilingual Chemistry

2018 comrades in arms. I thank to my best friend Novita Ruli who always pray and support me.

The author has made every effort to complete the thesis which the author realizes that he still has many shortcomings, both in terms of content and grammar. Finally, the author hopes that this thesis will be useful for the author and for the reader to serve as input for the world of education in the future.
