Dear Studies in Business and Economics Journal Editor

Thank you for accepting the article we wrote for publication in vol. 17, issue (1), April 2022. We are waiting for further information if needed so that our articles can be published as planned.

I have one question regarding the author, is it still possible to enter one more name as the third author. The author is my student who helped a lot in the research and writing process of this article. If possible, please tell me how the mechanism is. Thank you in advance.

Best Regards,

Muhammad Fitri Rahmadana
