Fauziyah Harahap:

Thank you for submitting the manuscript, "Genetic Similarity Analysis of In-Vitro Pineapple from Sipahutar Using Inter Simple Sequence Repeat (ISSR) Molecular Markers" to **Biodiversitas** Journal of Biological Diversity. With the online journal management system that we are using, you will be able to track its progress through the editorial process by logging in to the journal web site:

Submission URL: <https://smujo.id/biodiv/authorDashboard/submission/10961>
Username: fauziyah_22

If you have any questions, please contact me. Thank you for considering this journal as a venue for your work.

Ahmad Dwi Setyawan

2. Email Permintaan Revisi

The image shows two screenshots of a Gmail interface. The top screenshot displays an email titled "Request revisions" from the Managing Editor of Biodiversitas. The email content includes a request for revisions, a list of nine specific instructions for the author, and a signature from Ahmad Dwi Setyawan. The bottom screenshot shows the same email thread, but with the signature block and the attachment area visible, indicating the email has been received and is ready for a response.

Fauziah Harahap:

We have reached a decision regarding your submission to **Biodiversitas** Journal of Biological Diversity, "Genetic similarity analysis of in-vitro pineapple from Sipahutar using inter simple sequence repeat (ISSR) molecular markers".

Our decision is: Revisions Required
Note: Kindly send your revised paper to a professional English proofreader prior to resubmission.

Reviewer A:

Dear author(s),

The manuscript 'Short Communication: Genetic similarity analysis of in-vitro cultivated pineapple from Sipahutar, North Sumatra, Indonesia using Inter Simple Sequence Repeat molecular markers' has been reviewed. It presents important findings on the genetic diversity within pineapple. However, some revisions are required before being accepted for publication in **Biodiversitas** journal. My suggestions for each section of the manuscript are as follows:

1. Please improve English quality. The manuscript should be checked by native English speakers or a professional translator after you made revisions.
2. Title: please add scientific name.
3. Abstract: Please rewrite and it should not be more than 200 words. Abstract should contain research background, research aim, methods, results, and conclusion.
4. Introduction: some statements should be rewritten.
5. Materials and Methods: Please rewrite plant materials in detail.
6. Results and Discussion: Please rewrite and avoid repetitive statements. Present similarity coefficient matrix. Please make a deeper discussion.
7. References: Please follow Guidance for Authors and make sure all references are cited in the text and vice versa.
8. All Figures and Tables should be placed in the text.
9. All comments are presented in the manuscript. Please read carefully and do not be hurry to make appropriate revisions.

Thank you,
Regards,
Ahmad Dwi Setyawan

3. Email Accepted

The image displays two screenshots of a Gmail inbox, both from the journal Biodiversitas. The top screenshot shows an email from 'Team Support Smujo' dated Monday, November 14, 2022, at 8:40 AM. The subject is '[biodiv] Editor Decision'. The email body states: 'We have reached a decision regarding your submission to Biodiversitas Journal of Biological Diversity, "Short Communication: Genetic similarity analysis of in vitro cultivated pineapple (Ananas comosus) from Sipahutar, North Sumatra, Indonesia using ISSR markers". Our decision is to: Accept Submission'. It concludes with 'Best Regards, Team Support Smujo.id'. The bottom screenshot shows a follow-up email from 'Smujo Editors' dated Wednesday, November 16, 2022, at 5:28 PM. The subject is also '[biodiv] Editor Decision'. The body states: 'The editing of your submission, "Short Communication: Genetic similarity analysis of in vitro cultivated pineapple (Ananas comosus) from Sipahutar, North Sumatra, Indonesia using ISSR markers," is complete. We are now sending it to production. Submission URL: <https://smujo.id/biodiv/authorDashboard/submission/10961>'. Both emails include a signature for Biodiversitas Journal of Biological Diversity and 'Reply', 'Reply all', and 'Forward' buttons.
