

ACKNOWLEDGMENT

Bismillahirrahmanirrahim. Alhamdulillahirobbil'alamin, Praise and Gratitude I pray to Allah SWT for all His help, mercy, and love so that I can complete the thesis entitled “The Correlation Between Self-efficacy and Thesis Working Duration on 2017 Biology Education Study Program Students During The Covid-19 Pandemic at Universitas Negeri Medan”. Shalawat and salam to Rasulullah SAW. who has always been a source of inspiration and the best example for mankind.

First of all, I would like to thank Prof. Dr. Fauziyah Harahap, M.Sc. as the Dean of the Faculty of Mathematics and Natural Sciences, Khairiza Lubis, S.Si., M.Sc., Ph.D., as Head of the Biology Department, Wasis Wuyung Wisnu Brata, S.Pd., M.Pd., as the Head of Biology Education Study Program, and Dr. Ely Djulia, M.Pd. as Bilingual Program Coordinator. To my thesis supervisor, Dra. Meida Nugrahalia, M.Sc., a big thank you for her extraordinary guidance, motivation, and direction to the author from the beginning to the completion of the thesis until this thesis can be passed well. To Prof. Dr. Herbert Sipahutar, M.S., M.Sc., as the Academic Supervisor, who has provided support and advice during the 4 years the author has studied. To my thesis examiner, Prof. Dr. Fauziyah Harahap, M.Si., Dr. Syahmi Edi, M.Sc., Endang Sulistyarini Gultom, S.Sc., M.Sc., Apt., I thank you very much for the directions and suggestions for improvement so that this thesis can be completed properly, and all Lecturers who have provided motivation and provided writers with knowledge and experience. The author thank to Prof. Dr. Sri Milfyetti, M.S. Kons, S. Psi., Dr. Hasruddin, M.Pd., as a validator who has corrected, assessed and provided suggestions for improving the instrument that the author compiled. To the Department of Biology, Medan State University who have given permission to carry out this research and students grade of 2017 Biology Education Study Program in Medan State University who are willing to fill out the questionnaire that the author has compiled.

Especially the author would like to thank to her beloved grandfather H. Ramli Sulaiman and her beloved grandmother Hj. T. Rodiah, who always

provides encouragement, prayers, and motivation. Especially the author would like to thank to her beloved father Ridwan Pasaribu, and her beloved mother Yunita Armaya, who always gives love, support, prayers, moral and material assistance. In particular, the author would like to thank to her beloved younger sister Nazhira Zahrina Pasaribu who have always provided encouragement, support, and assistance.

To Kim Nam-Joon, Kim Seok-Jin, Min Yoon-Gi, Jung Ho-Seok, Park Jimin, Kim Tae-Hyung, and Jeon Jung-kook who is known as BTS. Thank you for being author's purple whale. Your songs and words have comforted the author when she overwhelmed with her studies and picked her up at worst.

The author would like to thank AADJ (Aisyah, Ananta, Dea) as the author's best friend, who always supports, encourages, give the author a lot of love, and accompanies the author in any circumstances. The author also expresses her gratitude to her comrades in arms, namely colleagues in Bilingual Biology Education 2017 class, who have shared ups and downs during the learning process, especially to Ara, Alna, Fitri, Magda, and friends from the Bukan Wacana group. With all humility, thanks again to all parties who have helped the author in completing this research.

The author realizes that the writing of this thesis is still far from perfection. Therefore, critics and suggestions are always hoped for in order to achieve the best things from this research. The author hopes that this research can provide benefits and increase knowledge from various parties.
