

## PREFACE

First of all thanks to Allah Subhana Wata'ala because of His grace and guidance and grace so that the author can complete this thesis entitled "Applications of Problem-Based Learning By Using Live Worksheet Websites to Improve Problem Solving Skills in Learning Quadratic Equations in Student Classes IX SMPN 1 Galang" this thesis was prepared to fulfill one of the requirements to obtain a Bachelor of Education degree for students of the Bilingual Mathematics Education Study Program, Faculty of Mathematics and Natural Sciences, State University of Medan.

In writing this thesis, the author realizes that there are many obstacles, but thanks to the help and support of various parties, this thesis can finally be completed properly. Therefore, on this occasion the author would like to thank:

1. Prof. Dr. Baharudin, ST., M.Pd. as a rector Universitas Negeri Medan.
2. Prof. Dr. Fauziah Harahap, M.Si as a dean of faculty mathematics and science Universitas Negeri Medan.
3. Dr. Pardomuan Sitompul, M.Si as a head of mathematics department of faculty mathematics and natural science Universitas Negeri Medan.
4. Nurhasanah Siregar, S.Pd., M.Pd as a head of mathematics education program, faculty mathematics and natural science Universitas Negeri Medan and also as my Examiner Lecturer.
5. Dr. Ely Djulia, M.Pd as a coordinator of mathematics education program, faculty mathematics and natural science Universitas Negeri Medan.
6. Dr. Waminton Rajagukguk, M.Pd. as the Thesis Supervisor who has provided a lot of knowledge, motivation, and patience as well as assisting in guiding and providing good input to the author in completing this thesis.
7. Tiur Malasari Siregar, S.Pd., M.Si. as an academic supervisor who has guided, provided motivation, direction as long as in Universitas Negeri Medan.

8. Mr. Pardomuan N.J.M. Sinambela, M.Pd., and Mr. Budi Halomoan Siregar, S.Pd., M.Sc. as Examiner Lecturer who has provided suggestions to the author.
9. DR. H. Asril Saman, M.Pd. as the Principal of SMPN 1 Galang and Mr/Mrs as well as school staff of SMPN 1 Galang especially Mr Zulkifli, M.Pd. as the supervising teacher during the research along with all students who have helped and are willing to cooperate while the writer is carrying out the research
10. In particular, author would like to express his deepest gratitude to beloved parents, namely Mr. Suprpto and Mrs. Rita Fauziah, who always supported, prayed for and gave unceasing sacrifices to author during the lecture period and the completion of this thesis.
11. The author's beloved siblings, Angga Ardiansyah, Nadya Syahfitri, and Dimas Dinata, who always give encouragement to author.
12. Friends during college at Medan State University. Thank you for being a friend who helps, accompanies, and gives encouragement during the four years of our journey.
13. Classmates of Bilingual Mathematics Education 2018 who support and pray for one another, thank you for the various experiences, collaborations, ideas, and suggestions given during lectures.
14. Dear my bestfriends during the lecture process at Medan State University, namely Alexander Sitinjak, Elkana Indah Sari Pakpahan, Mula Tua Elia Sibolon, and Triski Mangunsong Thank you for being the best friends who have helped, accompanied, and provided encouragement during almost five years of the lecture journey and during the completion of this thesis. I hope we will always be given health and be able to meet in a better condition in the future.
15. My Friends from KKN whom I have considered as my family while carrying out the work program, namely Alek Chandra Sinaga, Joshua kalepso Manalu, Jeplin Panggabean, Hanna Ria Hutagalung, Leny Kharsima Br Sembiring, Nella Adelina Br Tarigan. Hopefully we can get together again and I hope we are always healthy.

16. Dear my best friend since the beginning of high school, who until now still keep in touch with each other well. Andriansyah and Iqbal Maulana. I can't describe our friendship. Thank you for being a good support system and always giving me positive vibes. We rarely see each other, even only once every half a year, but I hope we can be together until we grow old. May you always be given health, fortune, and a blessed age and we must be sure that we will be succes together.
17. Bestfriends who always accompany me even though online, Rena Maya Ratih, Izatunnisa, and mostly Ismail Sugandi. Thank you very much because you are always there, and it makes me feel lucky to have you. I hope in the future we can achieve what we want and can gather again.
18. All family and friends, thank you for the help in the form of motivation and enthusiasm during the author's lecture period.
19. As well as all parties that the author cannot mention one by one for their support to the author.

The author also realizes that writing this thesis is not free from various deficiencies both in terms of language preparation and other aspects. The author expects constructive suggestions from readers for the perfection of this thesis so that in the end this thesis can be useful in various fields of education and field implementation and can be developed further.

Medan, 17 Oktober 2023

Sincerely,

Erwin Syahputra
