

PREFACE

Praise and gratitude to God Almighty who has given His mercy and grace, so that the author can complete this thesis well. The author's thesis title is "Ecoliteracy Study of Senior High School Students in Pematang Siantar City at Academic Year 2023/2024". This thesis was prepared to fulfill some of the requirements needed to achieve a Bachelor of Education degree in the Bilingual Biology Education Study Program, Faculty Of Mathematics And Nature Sciences (FMIPA) Universitas Negeri Medan (UNIMED).

The preparation of this thesis has gone through a long, tiring journey and various stages in accordance with the standard procedures that apply at FMIPA UNIMED, starting from the stage of determining the research topic, preparing and seminar proposals, conducting research, preparing the thesis and defending the thesis exam. The selection of research topics is based on current problems related to student ecoliteracy. This research aims to provide information regarding the ecoliteracy of Pematang Siantar city students.

The author realizes that the preparation of this thesis would not have been completed without support from various parties, both directly and indirectly. For this reason, the author express his deepest appreciation and gatitute to:

1. Mrs. Prof. Dr. Fauziyah Harahap, M. Si., as Dean of the Faculty of Mathematics And Nature Sciences, Universitas Negeri Medan
2. Mrs. Khairiza Lubis, S.Sc., M.Sc., Ph. D as Biology Department Head.
3. Mrs. Mrs. Dr. Ely Djulia, M.Pd, as coordinator of the Bilingual Program
4. Mr. Prof. Dr. rer. Nat. Binari Manurung, M. Si., as Thesis Supervisor, for his extraordinary guidance, motivation and direction so that all stages in preparing this thesis can be passed smoothly.
5. Mrs. Prof. Dr. Fauziyah Harahap, M. Si., as the author's academic supervisor.
6. Mrs. Dr. Ely Djulia, M.Pd., Mrs. Aswarina Nasution, M.Pd., and Mr. Drs. Syarifuddin. M.Sc., Ph. D., as an examining lecturer, who has provided many

suggestions for improvement starting from the proposal seminar to the stage of defending the thesis examination, so that this thesis can be completed well.

7. To principal of SMA Negeri 1 Pematangsiantar, SMA Negeri 4 Pematangsiantar and SMA Negeri 6 Pematangsiantar.
8. To the biology teacher at SMA Negeri 1 Pematangsiantar, SMA Negeri 4 Pematangsiantar and SMA Negeri 6 Pematangsiantar
9. Special thanks to my Father Firman Maruli Tua Silitonga and Mother Hotnida Hutahae who have provided the best in the form of materials and prayers and endless support, and financed the author to get to this level of education.
10. To my beloved sisters, Adinda Silitonga and Ananda Silitonga, the author would like to express his gratitude for accompanying the author during the research, helping in the process of writing the thesis and providing a place to complain during the writing of this thesis.
11. Special thanks to Ghibah Tugas's friends at Universitas Negeri Medan, Michelle Simangunsong S.Pd., and Ratu Nurul Aulia, S.Pd., who have encouraged and helped the author and become friends while studying.
12. Classmates in Biology Bilingual Study Program 2019, boarding house friend, friends KKN who support author.
13. To myself, thank me for being patient and willing to try to complete this thesis. You did great!

The author realizes that this thesis still has shortcomings and limitations. However, while expecting constructive criticism and suggestions, the author hopes that this thesis can be helpful in many related parties, especially Lecturer in Biology Education Department, college students, teachers and students.
