

PREFACE

Praise and gratitude the author say to God Almighty for all His blessings and guidance who have provided health and convenience so that the authors can complete the thesis entitled "The Implementation of Problem Based Learning Model Assisted by Geogebra Software to Improve Students' Mathematical Problem-Solving Ability in Grade X at SMA Negeri 8 Medan" properly and on time. This thesis was written with the aim of fulfilling one of the requirements for obtaining a Bachelor of Education (S.Pd) degree for undergraduate students in the Bilingual Mathematics Education study program, FMIPA, Universitas Negeri Medan.

In writing this thesis, the writer realizes that this thesis will not be completed properly without the help of both moral and material from various parties. Therefore the author would like to express his deepest gratitude without reducing respect to: Mr. Prof. Dr. Syamsul Gultom, SKM., M.Kes, as a rector Universitas Negeri Medan, Mrs. Prof. Dr. Fauziyah Harahap, M.Si, as as a dean of faculty mathematics and natural science Universitas Negeri Medan, Mr. Dr. Jamalum Purba, M.Si, as Deputy Dean for Academic Affairs, Faculty of Mathematics and Natural Sciences, Universitas Negeri Medan, Mr. Dr. Pardomuan Sitompul, M.Si, as a head of mathematics department of faculty mathematics and natural science Universitas Negeri Medan. Mrs. Nurhasanah Siregar, M.Pd, as a head of mathematics education program, faculty mathematics and natural science Universitas Negeri Medan, Mr. Pardomuan N. J. M. Sinambela, M.Pd, as the Thesis Supervisor who has been and is always willing to take the time to provide direction, guidance and suggestions for the perfection of this thesis.

Mr. Lasker P. Sinaga, M.Si, as the Academic Supervisor who has guided and motivated the writer during lectures. Mr. Prof. Dr. Hasratuddin, M.Pd, Mr. Mangaratua M. Simanjorang, M.Pd., Ph.D and Mrs. Nurhasanah Siregar, M.Pd, as Examiners who have given many suggestions and criticisms in the preparation of this thesis. Mrs. Mariani, M.Pd, Mrs. Ade Andriani, M.Pd and Mr. Zulkifli, S. Pd, as the Test Instrument Validators who have provided suggestions and criticisms in the preparation of the Test Instruments, and Lecturers and staff of the Department of Mathematics and the Faculty of Mathematics and Natural Sciences.

Thanks also to Dra. Rosmaida Asianna Purba, M.Si, as the Principal of SMA Negeri 8 Medan who has allowed the author to carry out research at the school, Mr. Zulkifli, S.Pd, as a teacher in Mathematics at SMA Negeri 8 Medan and students in class X IPA 2 and X IPA 3 for their cooperation and availability in helping the writer carry out this research.

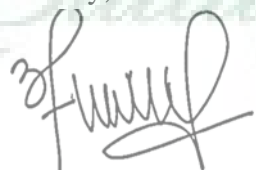

Special thanks to my beloved parents, Mr. Maidin Sinurat and Mrs. Rosbenny Girsang for all the motivation, advice, love, prayers, effort in helping all the writer's needs in lectures, which the writer has always received from birth to obtaining a bachelor's degree and to infinity later. Especially also for my beloved sister Glare Angelina Sinurat, Glory Joiada Sinurat, and Gabriel Pratama Sinurat who always sincerely pray for and provide encouragement and have always been there for the writer.

Special thanks to my best friend, KAMI CANTIK, Anestasya Sirait, Dinda Apriani Hia, Tasya Natali Sihombing, and T. Asima Sulys Simanjuntak who have always accompanied me from semester 1 until now and have provided support and prayers for the author. All the big family of BILMATH 2019, who have struggled together during lectures and thanks to all those who have helped the writer in completing this thesis that cannot be mentioned one by one. Thank you for being part of the author's journey to date. As well as always provide prayer, support and also encouragement to the author. Lastly, do not forget to thank myself for always being strong and able to complete lectures up to the preparation of this thesis with enthusiasm.

For all their help and services, the author cannot repay them other than praying that God will bestow His grace and gifts on their lives and that of their families. Finally, the writer hopes that this thesis can provide benefits for all readers and influence the quality of education to be even better.

Medan, July 28th 2023

Sincerely,

Grace Margareth S Sinurat
