

## PREFACE

Praise and gratitude to Jesus Christ who has given His mercy and grace, so that the writer can finish this thesis well. The author realizes that the preparation of this thesis would not have been completed without the support of various parties, either directly or indirectly. Through this opportunity, the author would like to express his gratitude to all those who have helped in the preparation of the thesis.

A big thank you is conveyed to Mr. Prof. Dr. Nurdin Siregar, M.S. as the Thesis Advisor, for the guidance, motivation, and direction so that all stages in the preparation of this thesis can be passed properly. To Mrs. Prof. Dr. Derlina, M.Si., Mrs. Yeni Megalina, S.Pd., M.Si., and Mr. Dr. Wawan Bunawan, M.Pd, M.Si., as Examiner Lecturer, who has provided a lot of criticism and suggestions for improvement so that this thesis can be completed properly. To Mrs. Dr. Rita Juliani, M.Si., as my academic supervisor who has provided advice and motivation began to receive authors in this department of physics, to Mr. Drs. Juniar Hutahaean, M.Si. as my material validator and Mr. Abdul Rais, S.Pd., M.T., M.Si., as my media validator who has provided expert.

The author also does not forget to thank the Headmaster, physics teacher, and XI MIPA 3 students at SMAN 15 Medan, for their help in accepting and giving the writer permission to do research at the school. I also thank the bilingual admin, physics department, faculties, FMIPA librarians, and the bilingual cleaning service who helped a lot in the smooth process of thesis assignment.

Most importantly, I would like to thank my father, Mr. Marudut Naibaho, my mother, Mrs. Rina Br Purba, my siblings Almario C Naibaho, S.Pd, Geofani Gresiella Naibaho, S.Pt., Iknatia Clarentina Naibaho and Desmarto Naibaho who have prayed for me and provided moral support.

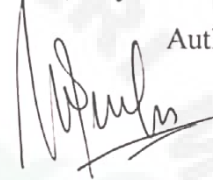

Thanks to my friend Novayanti Gultom who has provided many suggestions and assistance in completing this thesis. Thank you also to the 2018 bilingual physics education class who have struggled together in completing lectures. Thanks to the "Merlion group": Anayosi, Lasma, Patricia, Nursyahada,

Raivita, Alviani, who always have time for me, especially when there is time to explore the world.

The author realizes that this thesis still has shortcomings and limitations, however, while expecting constructive criticism and suggestions, the author hopes that this thesis can be useful for related parties, especially in improving the implementation of the 2013 Curriculum in the classroom.
