

LIST OF FIGURES

		Page
Figure 2.1.	Horizontal and Vertical Mathematization.....	22
Figure 3.1.	Research Procedure	61
Figure 4.1.	Visualization of contextual problem situations described by students (i).....	69
Figure 4.2.	Data Presentation Models Problems of Mean.....	70
Figure 4.3.	Students' Strategies of Mean.....	71
Figure 4.4.	Formula Mean.....	72
Figure 4.5.	Visualization of contextual problem situations described by students (ii).....	73
Figure 4.6.	Students' Strategies of Median's Problem (i).....	74
Figure 4.7.	Students' Strategies of Median's Problem (ii).....	75
Figure 4.8.	Median Formula.....	76
Figure 4.9.	Students' Strategies of Mode.....	77
Figure 4.10.	Sample Answers Regarding the Mean (Experiment II).....	79
Figure 4.11.	Examples of Questions Made About the Mean.....	80
Figure 4.12.	Examples of Answer About the Mean's Question.....	80
Figure 4.13.	Sample Answers Regarding the Median (Experimental II).....	81
Figure 4.14.	Examples of Questions Made About the Median.....	82
Figure 4.15.	Examples of Answer About the Median's Question...	82
Figure 4.16.	Examples of Questions Made About Mode.....	83
Figure 4.17.	Examples of Answer About the Mode's Question...	84
Figure 4.18.	Pretest Average Chart.....	85
Figure 4.19.	Posttest Average Chart.....	86
Figure 4.20.	Assessment Category of Pretest Mathematical Communication Ability Experimental Class I.....	88

Figure 4.21.	Assessment Category of Posttest Mathematical Communication Ability Experimental Class I.....	89
Figure 4.22.	Assessment Category of Pretest Mathematical Communication Ability Experimental Class II.....	90
Figure 4.23.	Assessment Category of Posttest Mathematical Communication Ability Experimental Class II.....	91
Figure 4.24.	Average of Pretest Mathematical Communication Ability Indicator.....	95
Figure 4.25.	Average of Posttest Mathematical Communication Ability Indicator.....	96
Figure 4.26.	Normality Test of Pretest Using SPSS.....	97
Figure 4.27.	P-plot Normality Test of Pretest of Experiment Class I and II.....	97
Figure 4.28.	Homogeneity Test of Pretest Using SPSS.....	99
Figure 4.29.	Average Similarity Test of Pretest Using SPSS.....	100
Figure 4.30.	Normality Test of Posttest Using SPSS	101
Figure 4.31.	P-plot Normality Test of Posttest of Experiment Class I and II.....	101
Figure 4.32.	Homogeneity Test of Posttest Using SPSS.....	102
Figure 4.33.	Hypothesis Test of Student' Mathematical Communication Ability.....	104
