

## LIST OF TABLES

Table 2.1. Stages of activities in 4-D model.....	9
Table 2.2. Experiment results of reaction rate between NO gas and H <sub>2</sub> gas....	21
Table 3.1. Grid instrument validation material expert and chemistry teacher.	33
Table 3.2. Media expert validation instrument grid.....	33
Table 3.3. Student response questionnaire.....	34
Table 3.4. Answer scoring .....	38
Table 3.5. Questionnaire percentage interpretation .....	39
Table 3.6. Interpretation of percentage analysis validation criteria.....	39
Table 3.7. Answer scoring .....	40
Table 3.8. Questionnaire result category .....	40
Table 3.9. Categories of Critical Thinking Skills .....	41
Table 3.10. N-gain score category .....	42
Table 4.1. Results of material validation by lecturer and teacher.....	48
Table 4.2. Results of media validation by lecturer and teacher .....	48
Table 4.3. Overall Assessment by Validators .....	49
Table 4.4. Suggestions and feedback from validators .....	50
Table 4.5. Percentage of chemistry teacher responses.....	54
Table 4.6. Student response result percentage .....	55
Table 4.7. N-Gain test result.....	56
