

ABSTRAK

ALIYAH FEBRIANTI. Pengembangan Bahan Ajar Tema Integritas Akademik dalam Bimbingan dan Konseling pada Siswa Kelas XI SMA Negeri 1 Batang Kuis Tahun Ajaran 2022/2023. Skripsi. Medan: Fakultas Ilmu Pendidikan. Universitas Negeri Medan. 2023.

Penelitian ini bertujuan untuk mengembangkan dan menghasilkan sebuah produk berupa bahan ajar yang valid, praktis dan efektif. Jenis penelitian yang digunakan adalah penelitian dan pengembangan (*Research and Development*) dengan model 4-D (*Define, Design, Development, Dissemination*). Subjek dalam penelitian ini adalah ahli materi, ahli bahasa, ahli desain grafis, guru bimbingan dan konseling dan siswa kelas XI MIA 2 SMA Negeri 1 Batang Kuis yang berjumlah 33 orang. Objek dalam penelitian ini adalah bahan ajar tema integritas akademik. Instrumen yang digunakan dalam mengumpulkan data yaitu angket wawancara, angket validasi materi, angket validasi bahasa, angket validasi desain grafis, angket kepraktisan dan angket keefektifan. Hasil penelitian menunjukkan bahwa: 1) kevalidan bahan ajar tema integritas akademik berdasarkan penilaian ahli materi, ahli bahasa dan ahli desain grafis memperoleh persentase rata-rata sebesar 90,5 %, 100% dan 88,88% dengan kategori sangar valid. 2) kepraktisan bahan ajar tema integritas akademik berdasarkan penilaian oleh dua guru bimbingan dan konseling memperoleh hasil masing-masing 100% dengan kategori sangat praktis. 3) keefektifan bahan ajar tema integritas akademik berdasarkan penilaian oleh dua guru bimbingan dan konseling memperoleh hasil masing-masing 96,4% dengan kategori sangat efektif. Berdasarkan hasil penelitian pengembangan bahan ajar tema integritas akademik dapat dikatakan valid, praktis dan efektif digunakan untuk pemberian layanan bimbingan dan konseling.

ABSTRACT

ALIYAH FEBRIANTI. Development of Teaching Materials on the Theme of Academic Integrity in Guidance and Counseling for Class XI Students of SMA Negeri 1 Batang Kuis for Academic Year 2022/2023. Skripsi. Medan: Faculty of Education. State University of Medan. 2023

This research aims to develop and produce a product in the form of valid, practical and effective teaching materials. The type of research used is research and development (Research and Development) with a 4-D model (Define, Design, Development, Dissemination). The subjects in this study were material experts, linguists, graphic design experts, guidance and counseling teachers and students of class XI MIA 2 SMA Negeri 1 Batang Kuis, totaling 33 people. The object of this research is teaching materials on the theme of academic integrity. The instruments used in collecting data were interview questionnaires, material validation questionnaires, language validation questionnaires, graphic design validation questionnaires, practicality questionnaires and effectiveness questionnaires. The results showed that: 1) the validity of teaching materials on the theme of academic integrity based on the assessment of material experts, linguists and graphic design experts obtained an average percentage of 90.5%, 100% and 88.88% with very valid categories. 2) the practicality of teaching materials on the theme of academic integrity based on an assessment by two guidance and counseling teachers obtained 100% each with a very practical category. 3) the effectiveness of teaching materials on the theme of academic integrity based on assessments by two guidance and counseling teachers obtained 96.4% each with a very effective category. Based on the results of research on the development of teaching materials on the theme of academic integrity, it can be said to be valid, practical and effective for the provision of guidance and counseling services.
