

ABSTRAK

ATIKAH SOFIANTI. Pengaruh Orang Tua Yang Bertindak Over Protektif Terhadap Penyesuaian Diri Remaja Di Kelurahan Batu IX Kecamatan Tanjung Pinang Timur Kepulauan Riau. Skripsi. Medan: Fakultas Ilmu Pendidikan Universitas Negeri Medan, 2023.

Penelitian dilaksanakan dengan tujuan untuk mengetahui gambaran orang tua yang over protektif di Kelurahan Batu IX, Kecamatan Tanjung Pinang Timur, Kepulauan Riau, untuk mengetahui penyesuaian diri remaja pada lingkungan di Kelurahan Batu IX, Kecamatan Tanjung Pinang Timur, Kepulauan Riau dan besarnya pengaruh orang tua yang bertindak over protektif terhadap penyesuaian diri remaja di Kelurahan Batu IX, Kecamatan Tanjung Pinang Timur, Kepulauan Riau. Sampel penelitian terdiri remaja usia 13-18 tahun yang orang tuanya over protektif berjumlah 41 orang. Penelitian ini merupakan penelitian kuantitatif dengan jenis penelitian asosiatif. Teknik pengumpulan data menggunakan angket. Teknik analisis data menggunakan uji normalitas, linearitas, analisis regresi linear sederhana, uji hipotesis menggunakan uji t, dan uji koefisien determinasi. Hasil uji t diperoleh $t_{hitung} > t_{tabel}$ yaitu $(-3,386 > 1,684)$ artinya hipotesis diterima. Selanjutnya hasil penelitian menunjukkan bahwa orang tua yang over protektif di Kelurahan Batu IX, Kecamatan Tanjung Pinang Timur, Kepulauan Riau tergolong sangat tinggi. Penyesuaian diri remaja pada lingkungan di Kelurahan Batu IX, Kecamatan Tanjung Pinang Timur, Kepulauan Riau tergolong sedang. Hasil koefisien determinasi diperoleh R Square sebesar 0.227 yang artinya terdapat pengaruh orang tua yang bertindak over protektif terhadap penyesuaian diri remaja di Kelurahan Batu IX, Kecamatan Tanjung Pinang Timur, Kepulauan Riau sebesar 22,7%.

Kata Kunci: Over Protektif, Penyesuaian Diri

ABSTRACT

ATIKAH SOFIANTI. The Influence of Parents Acting Over Protective Against Adolescent Adjustment in Batu IX Village, East Tanjung Pinang District, Riau Islands. Skripsi. Medan: Faculty of Education, State University of Medan, 2023.

The research was conducted with the aim of knowing the description of overprotective parents in Batu IX Village, East Tanjung Pinang District, Riau Archipelago, to find out the adjustment of adolescents to the environment in Batu IX Village, East Tanjung Pinang District, Riau Archipelago and the magnitude of the influence of parents who acted overprotective towards the adjustment of adolescents in Batu IX Village, East Tanjung Pinang District, Riau Archipelago. The research sample consisted of 41 adolescents aged 13-18 years whose parents were over protective. This research is a quantitative research with the type of associative research. Data collection techniques using a questionnaire. Data analysis techniques used normality test, linearity, simple linear regression analysis, hypothesis testing using the t test, and the coefficient of determination test. The results of the t test obtained $t_{count} > t_{table}$, namely $(-3.386 > 1.684)$ meaning that the hypothesis is accepted. Furthermore, the results of the study showed that parents who were over protective in Batu IX Village, East Tanjung Pinang District, Riau Islands were classified as very high. Adolescents' adjustment to the environment in Batu IX Village, East Tanjung Pinang District, Riau Islands is classified as moderate. The results of the coefficient of determination obtained R Square of 0.227, which means that there is an influence of parents who act over protective on the adjustment of adolescents in Batu IX Village, East Tanjung Pinang District, Riau Archipelago of 22.7%.

Keywords: Over protective, self-adjustment
