Faculty of Mathematics and Natural Sciences (FMIPA), Medan State University (Unimed).

In the completion of this thesis, the author received a lot of help and guidance from several parties, both directly and indirectly. For this reason, the author expresses the gratitude and appreciation to:

1. Mr Prof. Dr Baharuddin, ST, M.Pd as the Rector of Medan State University for the opportunity for researchers to complete S-1 at Medan State University.
2. Mrs Dr Ani Sutiani, M.Si as the Dean of the Faculty of Mathematics and Natural Sciences of Medan State University.
3. Prof. Dr. Pargaulan Siagian, M.Pd as the thesis supervisor who has motivated and guided the author in completing this thesis.
4. Prof. Dr. Edi Syahputra, M.Pd. Mr Budi Halomoan Siregar, S.Pd., M.Sc and Mrs Nurhasanah Siregar, M.Pd, as resource persons who have provided a lot of input and advice in the preparation of this thesis.
5. Mr. Dr. E. Elvis Napitupulu, M.S as the academic supervisor of the author thank you. Prof. Dr. Asmin, M.Pd., Dr. Edy Surya, M.Si, Ms. Glory Indira D. Purba, S.Si, M.Pd, Mrs. Nadrah Afiati N, M.Pd as Validation Lecturers who are willing to provide input in the form of an assessment of the research instruments used by researchers.
6. Mrs Sri Rahmawati, S.Pd, M.Pd as a Mathematics Teacher at SMA Negeri 8 Medan who has been willing to be a validator.
7. Especially for the author's parents, many thanks to the beloved father Harpen Purba and dear mother Netty Herawaty Damanik and my sister Yohana Desi Artha Purba and my brother Yan Mart Obriendo Purba for every support and

prayer that never stops saying, for the effort of sweat and tears, for the love that never decreases, and the hope that never disappears. Thank you for not demanding more than the author's ability so that the process of preparing this thesis can run well.

8. Thank you to Jessika Maria Simanjuntak and Rachel Mariana Zai who are not of the same blood but in the same direction, who provide shade when the pain grows, who run together in the struggle, who encourage each other even though each other's lives are hard. Let's be healthy and live longer, until happiness is seen.
9. All MESP 2020 classmates, Especially Ardi, William, Gresy, Ginanty, Rifani, and Rina thank you for helping the author in the proposal seminar and thesis examination process and taking the time to help the author in the process. Thank you, be happy always.
10. Thank you very much to all the people who have not been able to write their names here, but also to accompany and provide support to the author during this time.
11. Yessica Isabella Purba as the author who has been enthusiastic about studying abroad to get a bachelor's degree. You are amazing. Always be happy wherever you are. Whatever you lack and more, let's celebrate yourself.

The researcher realises that this thesis is still at an imperfect stage and there are still many shortcomings. However, the researcher expects constructive criticism and suggestions for the perfection of this thesis. Hopefully, this thesis will benefit all readers and contribute to improving education quality.
