

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### 5.1 Conclusion

The use of strategies in teaching and learning activities is very important and highly recommended. Act as an intermediary in sending materials so that they are delivered correctly. The right strategy is also needed in teaching reading comprehension so that reading does not become boring. There are several strategies for learning reading comprehension, one of which is the SQ3R strategy. SQ3R is a reading strategy that can be used to understand books, novels, short stories, and other reading contexts. When the reading consists of material that is difficult to read and difficult for readers to understand.

The findings confirm that the teachers use SQ3R strategy in the teaching and process, it makes students more interactive and easier to understand to increased they needs in reading comprehension. The advantage of SQ3R is that it increases students' confidence in speaking and improves students' reading accuracy. Implementation of SQ3R can increased the knowledge of students who the strategies is very useful to increase student needs to reading comprehension

By using SQ3R strategy, it can make the students increase their ability in understanding reading comprehension. Because the strategy focusing to increasing students needs in reading comprehension.

## 5.2 Suggestion

The implementation of SQ3R strategy can be said to be obligation for students in the teaching and learning process. In this research, the researcher still has many weaknesses. So, Based on the data of this research, the researcher suggest that:

1. For teacher, the teacher should improve the implementation of SQ3R because it can help students easier to understand and increase their ability in reading comprehension
2. For students, the implementation can improve their ability in reading comprehension. The students should implement SQ3R strategy to improve their ability and their needs in reading comprehension.
3. For next researcher, this study can be references of the research about the implementation SQ3R strategies in reading comprehension,
