

ACKNOWLEDGEMENT

Praise to Allah SWT, for blessing health and strength so this thesis entitled “Analysis Of Students Problem Solving Ability Taught Using The Contextual Learning Model On Colloid System Material In XI Class At SMAS Pertiwi Medan” came to a completion. On this occasion, the writer would like to thank all those people who have contributed to the completion of this research.

The deepest appreciation and gratitude are tended to Dr. Iis Siti Jahro, M.Si as the writer’s advisor, who has given her continuous guidance, helpful correction, moral support, advice, suggestion, without which it is doubtful that this thesis came into completion.

The writer’s deepest thank also goes to the following:

1. Dra. Ani Sutiani, M.Si as the Dean of Faculty of Mathematics and Science Medan State University.
2. Dr. Ayi Darmana, M.Si., as the Head of Chemistry Department, Faculty of Mathematics and Science Medan State University and as my academic advisor.
3. Prof. Dr. Muhammad Yusuf, M.Si., Dr. Zainuddin Muchtar, M.Si., and Susilawati Amdayani, M.Pd., as a thesis examiner for suggestions and assessments so that the writer can complete this thesis well.
4. Dr. Ely Djulia, M.Pd., as the Head of Bilingual Study Program, Faculty of Mathematics and Science Medan State University.
5. Haqqi Annazili Nasution, M.Pd., as the Head of Chemistry Education Study Program, Faculty of Mathematics and Science Medan State University.
6. The writer’s dearest parents Mulyadi and Sulistia Ningsih, and siblings Aditia Permana and Ardiansyah Ramadhan for their love, understanding, support and prayers for the writer to always be better.
7. The writer’s best friends: Arin Zahrany, Yayank Reni Mardhiyani Hasibuan, and Annisa Sylvia Ramadhani Nasution for their support and memories.

8. The writer's beloved partner Fajar Hardiansyah for the unforgettable moments, support, understanding, and also prayers to the writer to finish this thesis.
9. All of the writer's friends in Chemistry Education Study Program 2020 for the happiness and the friendship.
10. All lecturers at Faculty of Mathematics and Science, especially in the Chemistry Department and all staff in this Faculty.
11. All teachers, staff and headmaster in SMA Swasta Pertiwi Medan for their support and gave me chance to do research in this school
12. For all related people who always support the writer to complete this project.

The writer realizes that this thesis is still far from being perfect. Therefore, she will be glad to receive any constructive criticism and recommendation to make this thesis better. Finally, the writer expects that this thesis will be useful to the reader who wishes to know about the how to know students problem solving ability that measured with Polya's steps.

Medan, 30th July 2024

Writer,

Annisa Rahayu
