

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusions

Based on the results of research on stylistic in the novel *Malibu Rising* by Taylor Jenkins it can be concluded as follows.

1. In this research, stylistic analysis has been carryout in novel *Malibu Rising*. This novel has 384 pages which can read on internet. Researcher has analyzed types of stylistic using Keraf's theory there are 126 language style used in the novel. In this study, a stylistic analysis has been conducted on the novel *Malibu Rising*. The research focuses on revealing the various language style devices used by the author, Taylor Jenkins Reid, to enrich the narrative and convey deeper meaning within the text. Using Keraf's theory as an analytical framework, the researcher carefully examined the text and identified 126 different instances of language style devices throughout the novel.
2. These findings reveal the author deliberate and artful use of language, where stylistic choices are not merely ornamental but serve to reinforce the themes of family, identity and resilience that are at the heart of the story. This analysis not only highlights the stylistic richness of *Malibu Rising*, but also provides insight into how these techniques can be used to enhance narrative structure, character development, and overall reader engagement.

3. Researcher also used theory by Gorys Keraf (2010) to analyzed the reason language style are used in novel *Malibu Rising*, which explains that there are 5 functions of language style there are function of information, function as an explanation, function to animate an inanimate object (personification), function to cause laughter, function to emphasize or strengthen. From the function of language style, shows why the use of language style in a novel is very important.

B. Suggestion

Based on the conclusion that has been presented, there are several suggestions recommended by the researcher, such as:

1. The results of this study are expected to provide knowledge on stylistic studies using English novels as a reference for further research.
2. *Malibu Rising* can be used as a data source to conduct future research and as a source for research with different perspectives, especially for English Literature study programs at Medan State University.
3. This research can be used as a reference to help similar research for future researchers.
