

PREFACE

Praise and gratitude to the Almighty God, Allah SWT, for all His bless and guidance so that the author is able to complete the thesis entitled “The Effect of Mind Mapping Learning Technique on The Students’ Interest and Learning Outcomes on Excretory System at Grade XI Science of MAN 1 Medan”. This thesis is written to fulfil the requirements to achieve a Bachelor of Education degree in the Bilingual Biology Education Study Program, Faculty of Mathematics and Natural Science, Medan State University.

In the completion of this thesis, the author received a lot of help and guidance from several parties, both directly and indirectly. For this reason, the author expresses the gratitude and appreciation to:

1. Mrs. Aswarina Nasution M.Pd. as thesis supervisor who has provided the author with considerable time, advice, and guidance throughout the process of writing this thesis to completion.
2. Mr. Prof. Dr. Drs. Herbert Sipahutar, M.S., M.Sc., Mr. Dr. Idramsa, M.Si., and Mr. Eko Prasetya, S.Pd., M.Sc. as the thesis examiner who provided constructive criticism and suggestion for improving this thesis writing.
3. Mr. Drs. Syarifuddin, M.Sc., Ph.D. as an academic supervisor who has provided guidance during the author’s study at Medan State University.
4. Mrs. Widia Ningsih, S.Pd., M.Pd., and Mrs. Sani Susanti, S.Pd., M.Pd. as validators who have guided the author to develop more effective research instruments.
5. Mr. Reza Faisal, S.Pd., M.PMat and staff, who have provided the author with the opportunity to conduct research at MAN 1 Medan.
6. Mr. Drs. Adil, M.Si as biology teacher who have provided guidance during the research process.
7. Author’s beloved parents, Mr. Ismawadi and Mrs. Warsini, and the author’s brothers, Aldio Radiansyah, who have consistently provided the author with material and psychological support, love, and prayers.
8. Best friends from WISBAR, namely Azura Nur Yenda, Elsariya Br Ginting, Jessika Maria Simanjuntak, Syahana Sabila Fajriah Bintang and Siti Nuraisah

Asma Ujung, who have accompanied, encouraged, and supported the author in university, especially in the preparation of this thesis. Additionally, Saskia Salsabilah and Aqila Hisanah, as great best friend who has consistently tried to support and guidance throughout the past seven years, both in good and challenging times.

9. Classmates in Biology Education Study Program 2020, who have shared knowledge and motivation to the author in university.
10. All family, friends, and parties who have given support and prayers to the author, who cannot be mentioned one by one.

The author realizes that this thesis still contains numerous deficiencies, both in terms of content and grammar. Accordingly, the author awaits constructive criticism and suggestions from readers to improving this thesis. The author hopes that this thesis will be useful for readers and interested parties.
