

ABSTRACT

Idris, M, Registration Number: 2153121023, Developing “Speak It Right” as a Teaching Media For student Speaking Skill Grade Eight at SMPN 27 Medan, A Thesis: English Educational Program, State University of Medan, 2022.

The aim of this study develop mobile application Speak It Right as an English Teaching media on speaking invitation text for the eight students at SMPN 27 Medan. This study conduct. by employing Research and Development (R&D) design in six stages: data and information gathering, data analysis, media design, expert validation, revising, and final product. The study focused on grade VIII students at SMPN 27 Medan. The data was gathered by interviewing an English teacher and distributing a questionnaire to 33 students in order to determine the students' needs. The results of the interview and questionnaire demonstrated that students require a learning media in teaching speaking that can assist students in understanding the narrative text. Experts validated the Speak It Right learning media. The overall average is 4.14. It means that the learning media created with Speak It Right is relevant or appropriate and is categorized as a very good learning media for students at SMP Negei 27 Medan

Keywords: Research and Development (R&d),Speak It right, Invitation Text.
