There were three suggestions that the researcher could offer to readers in conducting the related research. The suggestions were as follows:

- 1 The findings of the Woman Struggle above should encourage readers to study more deeply about feminism, because there are still many things that need to be explored in feminism studies, especially in movies.
- 2 This research is limited to only discussing the ways of Megyn Kelly to reach her rights and the reasons for her struggle. For further research, this research can be continued by discussing Megyn Kelly or the other characters.
- 3 For women, the struggle of woman must continue to be made for the welfare of lives of women.
