

FOREWORD

First and foremost, the writer praises and thanks the Lord Jesus Christ for His blessings and guidance, through which the writer was able to complete this undergraduate thesis within the planned time. The thesis, entitled *“Development of a Google Sites Web Learning Media Integrated with the Problem Based Learning (PBL) Model on Hydrocarbon Material”*, was written to fulfill one of the requirements for obtaining a Bachelor of Education (S.Pd) degree from the Department of Chemistry, Faculty of Mathematics and Natural Sciences, Universitas Negeri Medan.

On this occasion, the writer would like to express sincere gratitude to:

1. Mr. Haqqi Annazili Nasution, S.Pd., M.Pd., as my thesis advisor, for all the guidance, direction, time, and invaluable feedback from the beginning of the proposal to the completion of this thesis.
2. Prof. Drs. Manihar Situmorang, M.Sc., Ph.D., Dr. Saronom Silaban, M.Pd., and Dr. Tech. Marini Damanik, M.Si., as my examiners, for their constructive suggestions and recommendations from the research planning stage to the preparation of this thesis.
3. Mrs. Nora Susanti, S.Si., M.Sc., Apt., my academic advisor, for her continuous advice and guidance throughout my academic journey.
4. Mrs. Dr. Ratna Sari Dewi, M.Si., Mrs. Marnida Yulfiani, S.Pd., M.Pd., and Mrs. Denny Sihotang, S.Pd., who were willing to serve as instrument validators in the writer's research.
5. Dr. Ayi Darmana, M.Si. and Mr. Haqqi Annazili Nasution, S.Pd., M.Pd., as the Head of the Chemistry Department and the Head of the Chemistry Education Study Program, for their guidance and facilitation during my coursework.
6. All lecturers and staff of the Chemistry Department at Universitas Negeri Medan for imparting knowledge throughout my studies.
7. The extended family of SMA Negeri 2 Percut Sei Tuan, especially Mrs. Denny Sihotang, S.Pd., for permitting the research, for assistance, and for valuable input during the research process.
8. IPDA Henri HS Pardosi and Ferayanti Pelawi, my beloved parents for their unconditional love, support, prayers, motivation, and sacrifices throughout my education. Without their unwavering guidance, spirit, and support, I would not have reached this stage. No words can fully express my gratitude to them, but through this thesis I hope to present a part of my effort as a gesture of devotion and appreciation for all their love.
9. Satria Brilliant Pardosi, my dear younger brother who always brought encouragement and joy into my life every word of support you gave, every encouragement you shared, and even your smiles and jokes became a source

of motivation that lightened the burden when challenges felt heavy. This thesis is also dedicated to you as my hope and motivation for you to become stronger and better than me.

10. Jeremi Ramon Lingga, S.Pd., My beloved who has always been present throughout the entire journey from the second semester to the completion of this thesis. Thank you for giving love, color, and motivation to my academic life, for always encouraging me that everything will be finished well, for patiently listening to my worries, and for always helping me find solutions to every difficulty I faced.
11. Members of the “Johan Bdg” group, Citra Sianturi and Feny Christine Silaen, who became special friends for sharing stories, joys, and sorrows from the beginning to the end of our college journey. Thank you for being a source of joy in my academic life, and for adding enthusiasm to my days.
12. The *Ikatan Keluarga Besar Kristen Kimia (IKBKK)* and all its members and friends who have become a second home for me a space where I found precious stories, togetherness, and fellowship during my college years.
13. My classmates from CESP 2022, who have struggled together to obtain the S.Pd degree over the past four years.
14. My best friends, Miriam Novika Br. Purba, Mella Amilasti Naila, Zelya Tiara, Yanti Sianturi, and Putri Manurung, who have been places for exchanging thoughts, sharing laughter and stories during difficult days, bringing cheerfulness and renewed spirit throughout the process of writing this thesis.
15. I would also like to appreciate myself, Tira Kania Pardosi, for perseverance, determination, and tireless hard work during the process of writing this thesis; thank you for enduring long nights, facing every doubt, completing all revisions, and never stopping learning and improving until this work could be completed well. May this experience be proof that I am capable of overcoming challenges and becoming a stronger person ready for the next steps. Last but not least, I wanna thank me. I wanna thank me for believing in me, I wanna thank me for doing all this hard work. I wanna thank me for having no days off. I wanna thank me for never quitting. See you in your next happiness, Tira!
