PREFACE

Praise and gratitude the author offers to the presence of God Almighty for all His blessings, love, and presence so that the author can complete the compilation of the thesis entitled "The Effect of Using 3DR Media on Students Cognitive, Affective, and Psychomotor Learning Outcomes on the Reproductive System Material of Class XI IPA at SMA Negeri 2 Medan" well. This thesis was compiled to fulfill one of the requirements in completing studies in the Bilingual Biology Education Study Program, Department of Biology, Faculty of Mathematics and Natural Science, State University of Medan.

In the process of compiling this thesis, the author realizes that many parties have provided support, assistance, motivation, and prayers. With sincere gratitude, the author would like to extend my appreciation to the following individuals who have contributed, supported, and accompanied my throughout the process of completing this thesis : Dr. Baharuddin, S.T., M.Pd. as the Rector of Medan State University for the opportunity for the author to complete his education at Medan State University. Mrs. Dr. Ani Sutiani, M.Si. as the Dean of the Faculty of Mathematics and Natural Science, Medan State University. Mrs. Khairiza Lubis, S.Si., M.Sc., Ph.D. as the Head of the Biology Department. Mrs. Dr. Widya Arwita, S.Pd., M.Pd. as the Head of the Biology Education Study Program. Thank you for the help and support that have been given to the author during his education at the Faculty of Mathematics and Natural Science, Medan State University.

My deepest gratitude goes to Dr. Ely Djulia, M.Pd., as my Thesis Supervisor, for the extraordinary guidance, motivation, and direction that has been given, so that every stage in the preparation of this thesis can run well. The author expresses his deep gratitude to Dr. Endang Sulistyarini Gultom, S.Si., M.Si., Apt., Ahmad Shafwan S. Pulungan, S.Pd., M.Si., Dr. Widya Arwita, S.Pd., M.Si. as the Examiner for the constructive criticism and suggestions given from the research planning stage until the completion of this thesis. My gratitude also goes to Mrs. Widia Ningsih, M.Pd. as the Academic Supervisor, who has provided valuable guidance and motivation from the first semester until graduation. In addition, the author greatly appreciates the

assistance from Rizal Mukra, M.Pd and Nadia Mubarokah, M.Pd. in instrument validation, tests and non-tests (media).

My beloved parents, Mr. Jhonni Penisa Saragih and Mrs. Tiani Paulina Ambarita, who have always provided endless prayers, support, love, and sacrifices, both morally and materially, and have given their very best and my dear brotmys, Mikhael Markhesywan Deardo Saragih and Magdiel March Dasdo Saragih, who have always cared for me, and also to my uncles and aunts. The author sincerely hopes that my parents will always be blessed with good health, a long life, and the opportunity to witness the successes she will achieve in the future.

The author also expresses a deepest gratitude to my best friends who have always faithfully provided support, encouragement, and meaningful companionship throughout the process of compiling this thesis. specially to my classmates of BESP 21 who have always been present throughout my academic journey; to the big family of Magnificum et Bonum, who became my first home in Medan and have given my many valuable lessons; to Safira Ananda, my best friend, who has always been willing to listen to my concerns about this thesis and continuously offered encouragement; to Angel, who has always been ready to help; and most especially to my friends who have become like family during my time away from home, making my college life more meaningful and joyful, namely Sanja, Monic, Sinar, Debora, Josep, Yosia, David, Anisa, Albert, Yohana, and Putra. Thank you for all the help, prayers, motivation, and presence that have been a source of strength for the author to persevere and complete this research. The togetmyness, stories, laughter, and struggles we have gone through togetmy are part of what will never be forgotten.
