

## ACKNOWLEDGEMENTS

First of all the writer would like to express gratitude to Jesus Christ, the most gracious and merciful for the opportunity and blessing in completing this thesis. Without the blessing and guidance, the writer could not finish this thesis well.

The writer owes deep gratitude to the thesis supervisor namely **Dr. Syahmi Edi, M.Si**, who have given support, suggestion, and motivation in writing this thesis. The writer felt very comfortable with thesis supervisor because he has been like father for writer.

The writer owes deep gratitude to thesis examiners, **Dr. Tumiur Gultom, SP,MP, Dr. Fauziyah Harahap, M.Si**, and **Dr. Mufti Sudibyo, M.Si** for the critics, suggestion, and motivation from the seminar proposal until completing this thesis. The writer also did not forget to say special appreciation for academic supervisor (PA), **Dr. Hasruddin, M.Pd** for the motivation and also the guidance that have been given during study in State University of Medan.

The writer also express deep gratitude to Dean of Mathematic and Natural Science Faculty, **Dr. Asrin Lubis, M.Pd**, Vice of Dean of Mathematic and Natural Science **Prof. Dr. Herbert Sipahutar, MS., M.Sc**, Coordinator of Bilingual Program, **Dr. Iis Siti Jahro, M.Si** and Head of Biology Department **Dr. Hasruddin, M.Pd** for the help and support during completing this thesis.

The writer also owes the special thanks for Headmaster of SMA Negeri 1 Sidikalang, **Drs. Alben Sianturi**, Vice of Headmaster of SMA Negeri 1 Sidikalang, **Drs. Silas Sahat Sihombing** for the help to allow the writer conduct this research in the school. The writer also did not forget express special gratitude to biology teacher **Norminanda Sirait, S.Pd** who have given the time for administrating treatment and provide feedback on work in progress. Special thanks also expressed to students XI IPA who have participated in this study.

Extremely grateful expressed to my beloved parents, **John Supratman Purba** and **Kantoria br. Saragih**, my beloved young sister **Hana Klara Purba**, **Trianita Purba**, my beloved young brother **Agung Pinindo Purba**, my beloved cousin **Ika Mastayana Purba**, **Inka Permata Purba**, and **Riris Purba** for great support, motivation, and pray that have given so the writer can finish this thesis well. Special thank for sister **Rani Afrida** and **Desi Amelia** for the help in completing this thesis.

Finally special deep appreciation to beloved friends, Lestari, sister Lenda, Magdalena, Lasri, Febri, Thesa, and Fitri who have given spirit and motivation for completion of this thesis. The writer also did not forget to express special thank for friend during field experience program in SMA Negeri 1 Sidikalang namely Hariaty, Sylvi, Lestari, Novel, Sohmiyati, Rian, Novita, Reni, Nova, Suditro, Friska, and Desi for the motivation and support during completing this thesis. Special thanks for Mr. Abul Simbolon, Mr. Prima Manurung, Mr. Gultom, Mr. Edwin Pasaribu, Mr. Ronald Pasaribu, Mr. Nuel and Mr. Ferdinand Sitanggang for the support and motivation during field experience program in SMA Negeri 1 Sidikalang and also for completing this thesis.

The writer also express the great thank for friends of Bilingual Biology Education 2012 who have given support, motivation, and spirit during completing this thesis. The writer will never forget the togetherness of Bilingual Biology Education 2012.

Medan, June 2016

The Writer
