

ACKNOWLEDGMENT

The greatest thankfulness is given to Only One Savior, Jesus Christ who always give mercy and love by has given health, wisdom, strength, spirit, knowledge, and material to author to composing the research and this thesis suitable with the time that have been scheduled. I am aware that without God's help, I would not able to finish my study and solve many difficulties during the writing of this thesis.

This thesis have the title "The Effectiveness of Laboratory Experiment Method to Increase Activity and Student's Achievement in Teaching of Solubility and Solubility Product". This thesis has been written in fulfillment of the requirement for the degree of Sarjana Pendidikan in the Bilingual program at Chemistry Department of Faculty of Mathematics and Natural Science (FMIPA), State University of Medan (UNIMED).

In completing this thesis I have received a lot of assistances. First of all, I would like to express my thanks and great appreciation to Prof. Dr. Ramlan Silaban, M.Si, as my thesis supervisor and also for my thesis examiner Prof. Drs. Manihar Situmorang, M.Sc, Ph.D; Dr. Iis Siti Jahro, M.Si and Dra. Ani Sutiani, M.Si, for their valuable guidance, suggestions, corrections, comments, motivation and time until this thesis have completed. And I am also give thanks to Drs. Jamalum Purba, M.Si as my academic supervisor and all of lecturers in chemistry department of Faculty of Mathematics and Natural Science (FMIPA), State University of Medan (UNIMED).

The author also say thanks to Prof. Drs. Motlan, M.Sc, Ph. D., as a dean of Mathematics and Natural Science Faculty, State University of Medan, then Prof. Herbert Sipahutar, M.Sc, Ph.D., as the coordinator of Bilingual Department program and Mr. Samsudin as administrator in Bilingual for their advices and other necessary administrative assistance and kindness.

The author gratitude also goes to Principal of SMA Negeri 3 Medan Mr Drs.Sahlan Daulay,M.Pd; Principal of SMA Swasta Methodist 1 Medan Mr Drs.Bintoni Simatupang and Principal of SMA Negeri 1 Lubukpakam Mr

Badaruddin Tarigan, M.Pd, also all teachers there who helped me, gave motivation and support to me finish this research.

A deepest love, appreciation and gratitude also goes to my dearest parents, M.Marbun and T.Lubis for raising me with countless love, prayer, motivation, financial support and sacrifices as well as my dearest sisters and brother; Ade Angela, Arman Nicolas, Elizabeth and Brigita Cecilia for their prayer, love, supports, and motivation during my study. And also special thanks to Pastor Enrique S.X., Pastor Redemptus Simamora OFM.Cap, Pastor Selman Sipayung Pr and Suster Renata Marbun that always give motivation and support me with their prayer.

A special mention thanks goes to my best pal Elisa Putri Siahaan, Rosy Siregar, Asri Irawan, Fitri Hasugian and all Situs@X_05 that always give me motivation and happiness and also my beloved friend, Jane and Bintang that always with me and motivate me during finishing my study, and the other friends of me: Meycan Sumbayak, Dian Citra, Titin, Maya Simarmata and all Bil Chem '08, who have given spirit and moral support that amused the author during spare time. The author also would like to say thank you to all whose names can not be mentioned one by one for their support and friendship through my academic years.

Medan, July 23rd 2012
