

LIST OF FIGURES

| | Page |
|---|------|
| Figure 2.1. Laboratory room sketches of BTE (<i>Basic technology education</i>) | 18 |
| Figure 2.2. Three level of representation in chemistry (Chittelborough, 2004) | 28 |
| Figure 2.3. Interaction between fat, water and soap | 28 |
| Figure 2.4. solution, suspension, and colloid (Source : http://www.julintonchemistryarea.blogspot.com , accessed on 12 th Feb 2012, o'clock 15:39 pm) | 32 |
| Figure 2.5. Tyndall effect process Source: http://www.julintonchemistryarea.blogspot.com , accessed on 14 th Feb 2012, o'clock 11.00 pm) | 35 |
| Figure 2.6. Brown motion Source: http://www.julintonchemistryarea.blogspot.com , accessed on 14 th Feb 2012, o'clock 11.30 pm) | 36 |
| Figure 2.7. Electrophoreses Source: http://www.julintonchemistryarea.blogspot.com , accessed on 14 th Feb 2012, o'clock 11.45 pm) | 36 |
| Figure 2.8. Adsorption process Source : http://www.julintonchemistryarea.blogspot.com , accessed on 14 th Feb 2012, o'clock 14.06 pm) | 37 |
| Figure 2.9. Coagulation Source: http://www.julintonchemistryarea.blogspot.com , accessed on 14 th Feb 2012, o'clock 14.20 pm) | 37 |
| Figure 2.10. Purification of water Source: chemistry book for grade XI natural Science | 38 |
| Figure 2.11. Dialysis process Source: http://www.julintonchemistryarea.blogspot.com , accessed on 14 th Feb 2012, o'clock 14.25 pm) | 38 |
| Figure 2.12. Ice cream Source: http://www.julintonchemistryarea.blogspot.com , accessed on 14 th Feb 2012, o'clock 14.30pm) | 39 |
| Figure 2.13. Soap Source: http://www.julintonchemistryarea.blogspot.com , accessed on 14 th Feb 2012, o'clock 14.45 pm) | 39 |

| | |
|--|----|
| Figure 2.14. Structure formula of Soap Source : http://chemistrylearning.blogspot.com accessed on 2 nd Feb 2012, o'clock 15:15 pm | 41 |
| Figure 2.15. Conceptual Framework | 43 |
| Figure 3.1. The scheme of research steps | 51 |
| Figure 4.1. Score averages of pre test, post test and N-gain percentage between control and experiment classes | 67 |
| Figure 4.2. Graph of concepts between control and experiment classes | 69 |
| Figure 4.3. Diagram of chemical representation before and after teaching and learning process | 70 |
| Figure 4.4. Score averages of pre test, post test and N-gain percentage between control and experimental classes | 72 |
| Figure 4.5. Animation about tyndall effect (Colloidal properties) | 81 |
| Figure 4.6. Appearance video about colloidal phenomena of ice cream to improve ownership of students' concepts with reality figure | 81 |
