

ACKNOWLEDGEMENT

First and foremost, I would like to praise and thank God, the almighty, who has granted countless blessing, knowledge, and opportunity to the writer, so that I have been finally able to accomplish the thesis.

Apart from the efforts of me, the success of this thesis depends largely on the encouragement and guidelines of many others. I take this opportunity to express my gratitude to the people who have been instrumental in the successful completion of this thesis.

The writer hardly knows where to start expressing the gratitude but for sure the gratitude goes to all those who have assisted her in the process of completing this thesis. It would be impossible to list all names but several people deserve her sincere and special thanks.

I would like to show my greatest appreciation to Dra. Martina A. Napitupulu, M.Sc, as the thesis supervisor. I can't say thank you enough for her tremendous support and help. I feel motivated and encouraged every time I attend her meeting. Without her encouragement and guidance this thesis would not have materialized.

She gratefully acknowledges the deepest gratitude to Drs. Tri Harsono, M.Si., the head of Biology Department, Prof. Dr. Herbert Sipahutar M.Si., M.Sc., the coordinator of Bilingual Program, and Mr. Samsuddin for his administrative assistance.

Her enormous appreciation is addressed to Dr. Rer nat Binari Manurung, M.Si., Syarifuddin, M.Sc, Ph.D., and Dra. Meida Nugrahalia, M.Sc as her examiners, for the valuable inputs to be included in this thesis and generously spent precious time in giving the guidance, encouragement, suggestion, and comments for this thesis.

She is indebted to Dr. Hasruddin, M.Pd as evaluator for her research instruments, for their constructive comments and suggestion for the improvement of this study. She also in enormous intellectual debt to all lecturers of Biology Education Bilingual Program, who has become her inspiration during the academic years and also during the completion of this thesis.

Special thanks are extended to Alberto Colia, M.Pd., headmaster of SMA Negeri 1 Berastagi, Biology teacher of grade eleven science class, Drs. Boki Tarigan for the cooperation during research. I am grateful for his constant support and help.

Finally, she will forever be indebted to her beloved parents Kadir Saragih and Rasmi br Bukit., for having given her unfailing support and encouragement during the academic year and the completion of this thesis, her lovely brother and sister, Rianatalia Saragih and

Iman Saragih for always trying to keep her on track whenever and whatever problems she have to overcome.

Last but not least, the guidance and support received from all her best friend Sri Lestari, Keasy, Winny, Meti, Christina, aisah, Laurent, Noviyanti, Siti, Debora, Vegi, Yunita, Mayen, Syahriani, Sukma, Doyar, Qije, Lastia and all friends from Biology Bilingual Program Year 2008 for their friendship and cooperation.

It would be difficult to find adequate words to convey how much she owes the people. Lots of love and thank to all of you.

May God bless us.
