

ACKNOWLEDGEMENTS

Alhamdulillah, praise and thanks to Allah SWT who has give a flood of merci and guidance to writer. Shalawat and Salam to Rasulullah Muhammad SAW, hopefully His Syafaat will abundant.

This thesis which is titled “**The Effect of Problem Based Instruction (PBI) Learning Model on Students’ Learning Outcomes in Electrical Dynamic Topic for Class X SMA Negeri 2 Kisaran Academic Year 2012-2013**”, is arranged to acquire scholar degree of Physics Education, Faculty of Mathematics and Nature Science State University of Medan.

In this occasion, let me say a million thanks to Dr. Nurdin Bukit, M.Si. as thesis supervisor who has guide and give suggestion to writer from initial research until finished this research. A million thanks also to Drs. Abd Hakim, M.Si, Drs. Karya Sinulingga, M.Si and Drs. Pintor Simamora, M.Si who have give critic and suggestion to writer from the planning of research until the finish of thesis writing. A million thanks to Drs. Makmur Sirait, M.Si, as academic supervisor and to all Mr. and Mrs. Lecturer and staff employee of Physics FMIPA State University of Medan who have encourage writer. Appreciation were also presented to Headmaster Sir. Syahrudin Lubis, S.pd,MM and all teacher in SMA Negeri 2 Kisaran who have helped during this research.

Gratefully to my beloved Mother and Father for grow me up and educate me, for my sister Raudhah and all my family thanks for your support and love to me. You are my everything for me.

To all of my friends in Physics Department FMIPA UNIMED, especially to 2009 students of Physics Bilingual 2009. Thanks a lot to my friend Rani sm Damanik, Arizqa Feriana, Rida, Qori, Tuti, and the other.

Thanks to all my friends in UKMI Ar-Rahman UNIMED. For assistant of physics laboratory and my friends in IKAMMUFIS. Thanks to Andini and family

to accept me very well in their house. To SMA Negeri 2 Kisaran especially to x-1 and x-3 class.

I realize this thesis is out of perfect caused by my literature or knowledge. That's why, I do hope constructivism advice and suggestion in order to make this thesis is useful for all of us.
