

ACKNOWLEDGMENT

First and foremost, praise and gratitude to Allah S.W.T. who had given grace and guidance, strength, health and His favor which have been given so that the writer could finally finish this thesis entitled : Analyzing of Students' misconception about Atomic Structure at some Senior High School in Labuhanbatu.

In this opportunity, the writer would like to his gratitude to Drs. Eddyanto, Ph.D as a supervisor of this thesis, and also Dr. MarudutSinaga, M.Si, JunifaLaila Sihombing, S.Si, M.sc and Ir. Nurfajriani, M.Si as examiner lecturers for their criticism, suggestion corrected, comments, guidance and constructive critics in the process of completing this thesis.

The writer also likes to say thanks Drs. RahmatNauli, M.Si as the valutors of instrument test in this research, Prof. Drs. Motlan, M.Sc. Ph.D as the Dean of Faculty Mathematics and Natural sciences, Drs. JamalumPurba, M.Si as the Head of Chemistry Department, Dra. AniSutiani, M.Si, as the head of Program Study Chemistry Education and to all lecturers in Chemistry Department. Thanks also to Head of SMA.N 1 Rantau Utara, SMA.N 2 Rantau Utara, SMA.N 3 Rantau Utara, SMA.N 1 Rantau Selatan, and SMA SwastaKemalaBayangkara and to all teachers who also helped the writer in doing research.

Infinite gratitude to the loving both parents of writer, my lovely father SalamatMunthe and my lovely mother IloRitongaS.Pd above all love, pray, and support of moral and material provided without knowing timing and amount so the dream of writer can be reality. Also to lovely grand mother and young sister NurfatimahMunthe, thanks for love, pray and support that always give to author.

And also the writer wants to say thanks to all member's Khansa 1 Ceria that is small heaven home in Medan, best friend in UKMI and all Friends in class of Education 2008 for kindness, togetherness, attention and pray.

The writer has given maximal effort as she can be in doing the thesis, but the writer still expecting criticism and suggestion that support from readers for perfection this thesis. The writer hopes this thesis can be useful and gives many functions to readers knowledge especially about subject matter which researched in this thesis.

Medan, February 2013

The writer,

NurlinaMunthe
