

LIST OF TABLE

Table 1.1	: List of studies that measure the use of textbook	2
Table 2.1	: Learning Achievement Indicators	24
Table 3.1	: Questionnaire items value criteria	31
Table 3.2	: Score of student achievement description	32
Table 3.3	: Interpretation of Coefficient Correlation	41
Table 3.4	: Research Time Table	44
Table 4.1	: Reliability Analysis Result	46
Table 4.2	: Distribution of Sample in Al-Ulum	49
Table 4.3	: Homogeneity test result of perception	51
Table 4.4	: Homogeneity test result of achievement	50
Table 4.5	: Criteria of score percentage	51
Table 4.6	: Practical considerations percentage	52
Table 4.7	: Layout design percentage	53
Table 4.8	: Activities percentage	53
Table 4.9	: Skills percentage	54
Table 4.10	: Language type percentage	55
Table 4.11	: Content percentage	55
Table 4.12	: Overall consensus percentage	56
Table 4.13	: Score of student achievement description	57
Table 4.14	: Student physics achievement distribution in SMA S Al-Ulum Terpadu	58
Table 4.15	: Correlational perception and Physics achievement	59
Table 4.16	: Regression test result	60
Table 4.17	: Significance of linearity test result	61
Table 4.18	: Distribution of Sample in As-afi'iyah Internasional	64
Table 4.19	: Homogeneity test result of perception	65
Table 4.20	: Homogeneity test result of achievement	66

Table 4.21	: Practical considerations percentage	67
Table 4.22	: Layout design percentage	68
Table 4.23	: Activities percentage	69
Table 4.24	: Skills percentage	69
Table 4.25	: Language type percentage	70
Table 4.26	: Content percentage	70
Table 4.27	: Overall consensus percentage	71
Table 4.28	: Student physics achievement distribution in SMA S As-Syafi'iyah Internasional	72
Table 4.29	: Correlational perception and Physics achievement	72
Table 4.30	: Regression test result	73
Table 4.31	: Significance of linearity test result	75
Table 4.32	: Distribution of Sample in Al-Azhar	78
Table 4.33	: Homogeneity test result of perception	79
Table 4.34	: Homogeneity test result of achievement	80
Table 4.35	: Practical considerations percentage	81
Table 4.36	: Layout design percentage	82
Table 4.37	: Activities percentage	83
Table 4.38	: Skills percentage	83
Table 4.39	: Language type percentage	84
Table 4.40	: Content percentage	84
Table 4.41	: Overall consensus percentage	85
Table 4.42	: Student physics achievement distribution in SMA S As Al-Azhar	85
Table 4.43	: Correlational perception and Physics achievement	87
Table 4.44	: Regression test result	88
Table 4.45	: Significance of linearity test result	89
Table 4.46	: Distribution of Sample in SMA S Plus Muhammadiyah	92
Table 4.47	: Homogeneity test result of perception	93
Table 4.48	: Homogeneity test result of achievement	94
Table 4.49	: Practical considerations percentage	95

Table 4.50	: Layout design percentage	96
Table 4.51	: Activities percentage	97
Table 4.52	: Skills percentage	97
Table 4.53	: Language type percentage	98
Table 4.54	: Content percentage	98
Table 4.55	: Overall consensus percentage	99
Table 4.56	: Student physics achievement distribution in SMA S Plus Muhammadiyah	100
Table 4.57	: Correlational perception and Physics achievement	101
Table 4.58	: Regression test result	102
Table 4.59	: Significance of linearity test result	103
