

## TABLE LIST

Table 2.1.	Implementation of Realistic Mathematics Learning Approach Syntax	20
Table 3.1.	Scoring Techniques	42
Table 4.1.	Description of Student Problem-Solving Ability Levels in Initial Tests	47
Table 4.2.	Description of Student Ability Level in Understanding the Problem on Problem-Solving Ability Test I	49
Table 4.3.	Description of Student Ability Level in Planning the Problem on Problem-Solving Ability Test I	50
Table 4.4.	Description of Student Ability Level in Solving the Problem on Problem-Solving Ability Test I	51
Table 4.5.	Description of Student Ability Level in Looking Back Solution Obtained on Problem-Solving Ability Test I	51
Table 4.6.	Description of Student Ability Level in Solving Problem on Problem-Solving Ability Test I	53
Table 4.7.	Descriptions of Teacher Observation Result in Doing the Lesson on Cycle I	54
Table 4.8.	The difficulty lies Students In Solving Problems Ability Test I	61
Table 4.9.	The Level of Students Understanding Problem Ability in Problem-Solving Ability Test II	64
Table 4.10.	The Level of Students Planning Problem Ability in Problem- Solving Ability Test II	65
Table 4.11.	The Level of Students Solve Problem Ability in Problem-Solving Ability Test II	66
Table 4.12.	The Level of Students Looking Back Solution Obtained Ability in Problem-Solving Ability Test II	66
Table 4.13.	Description of Solve Problems Level Ability on Problem-Solving Ability Test II	68
Table 4.14.	Teacher Observation Descriptions in Learning on Cycle II	69
Table 4.15.	Improvement Students Abilities in Solving Problem	70
Table 4.16.	Students Difficulties on Problem-Solving Ability Test II	77
