

LIST OF FIGURES

		Pages
Figure 2.1.	Sense of Sight (Eyes)	21
Figure 2.2	Auditory (Ear)	26
Figure 2.3.	Sense of Touch (Skin)	29
Figure 2.4.	Sense of Taste (Tongue)	30
Figure 2.5.	Sense of Smell	31
Figure 3.1.	Research Procedures	42
Figure 4.1.	Stem Diagram of Experimental and Control Class Pretest Comparison	47
Figure 4.2.	Pie Chart Percentage of Pretest Experimental Class C1 until C6	47
Figure 4.3.	Pie Chart Percentage of Experimental Class Pretest Correct Answer	48
Figure 4.4.	Pie Chart Percentage of Pretest Control Class C1 until C6	48
Figure 4.5.	Pie Chart Percentage of Experimental Class Pretest Correct Answer	49
Figure 4.6.	Stem Diagram of Experimental and Control Class Posttest Comparison	50
Figure 4.7.	Pie Chart Percentage of Posttest Experimental Class C1 until C6	51
Figure 4.8.	Pie Chart Percentage of Experimental Class Pretest Correct Answer	51
Figure 4.9.	Pie Chart Percentage of Posttest Control Class C1 until C6	52
Figure 4.10.	Pie Chart Percentage of Control Class Posttest Correct Answer	52
Figure 4.11.	Stem Diagram of Experimental Class Pretest and Posttest Comparison	53
Figure 4.12.	Stem Diagram of Control Class Pretest and Posttest Comparison	54

Figure 4.13.	Stem Diagram Both Eksperimental and Control Class Pretest and Postest Comparison	53
Figure 4.14.	Pie Chart Percentage of experiment class students activities at first meeting	54
Figure 4.15.	Pie Chart Percentage of control class students activities at first meeting	55
Figure 4.16.	Pie Chart Percentage of experiment class students activities at second meeting	55
Figure 4.17.	Pie Chart Percentage of control class students a activities at second meeting	56
Figure 4.18.	Stem Diagram of Experimental and Control Class	57
Figure 4.19.	Result of Pre-test between Students who were taught with 'Direct Instruction (DI)' learning model and those who were taught with 'Number Head Together (NHT)' learning model ($t=0,196$; $P=0,845$).	60
Figure 4.20.	Result of Post-test between Students who were taught with 'Direct Instruction (DI)' learning model and those who were taught with 'Number Head Together (NHT)' learning model ($t=6,306$; $P=0,000$).	60
Figure 4.21.	Result of first meeting activities between Students who were taught with 'Direct Instruction (DI)' learning model and those who were taught with 'Number Head Together (NHT)' learning model ($t=5,694$; $P=0,000$).	61
Figure 4.22.	Result of second meeting activities between Students who were taught with 'Direct Instruction (DI)' learning model and those who were taught with 'Number Head Together (NHT)' learning model ($t=5,694$; $P=0,000$).	61
