

ACKNOWLEDGEMENT

First of all, In the name of Allah, most Gracious, most Merciful, praise be to Allah SWT lord of the world, so that the writer can finish this thesis as a partial fulfillment of the requirement for the graduate degree of Sarjana Pendidikan at Biology Department, Faculty of Mathematics and Natural Science, State University of Medan.

During the process of writing the thesis, the writer realized that writer made many mistaken. Meanwhile, the writer has been given some suggestions, comments, academic guidance, and moral support from my consultant and others that the writer would like to express her sincere thanks.

The writer would like to express her great gratitude to Dr. Syahmi Edi, M.Si as thesis supervisor, her consultant for her generous assistance, guidance, advices and valuable time to read and discuss the thesis until it is completed, and thank for being her inspirational person. The writer also would like thank profusely to Prof. Drs. Motlan, M.Sc, Ph. D., as dean of the Faculty of Mathematics and Natural Science, State University of Medan. Prof. Dr.rer.nat. Binari Manurung, M.Si, as a coordinator for bilingual program, Dra. Meida Nugrahalia, M.Sc, Dra. Hj. Martina Restuati, M.Si as the lecturer team examiners for their suggestion and constructive criticisms for the revision of this thesis and for Drs. H. Tri Harsono, M.Si as her academic supervisor who has guided writer during academic program.

My never ending thankfulness is fully to my beloved father Ponidi and my mother Elfida for their everlasting love, hopeful prayers in my life, and the entire moral and the financial support that have enabled to finish my study. My special thanks and admiration are also due to my sisters and brother, Puspita and Elfin.

The writer also thanks to the headmaster of SMA Negeri 1 Lubuk Pakam, Badaruddin Tarigan, M.Pd and Biology Teacher, Dra. Jamiatun Nur Simbolon, and all the teachers and student especially XMia-3, XMia-4, and XI₅ Science Program Academic Year 2013/2014 in SMA Negeri 1 Lubuk Pakam who received the presence of the writer during research in these classes. And for all my friends in class Biology Bilingual Education 2010, especially for Shelly Eka Putri, Rafika Novianti, Hafizah Ilmi Sufa, Suyedi Hendrayanto and all who show me the meaning of friendship.

Especially for my beloved best friend Milda Lestari, Irwanda and Muhammad Bukhary thank you for their support, their caring and help me to accomplish this Thesis.

The writer had tried as much as possible in the completion of this thesis, but the writer is aware there are still many weaknesses in terms of content and grammar therefore the writer is pleased to receive some suggestions and constructive criticism from readers for the thesis being perfect. Any suggestion for the improvements in the future will be highly appreciated.

Medan, July 2014

Writer,

Tri Agustina
