

ACKNOWLEDGEMENT

First of all, the writer would like to praise Allah swt that give health and wisdom to the author so this thesis can be completed properly in accordance with planned time. This thesis is aimed at fulfilling a requirement to get the degree of Sarjana Pendidikan at Biology department, Mathematics and Natural Science Faculty, State University of Medan.

During the process of writing the thesis, the writer realized that she had many problems. Meanwhile, she has been given some suggestions, comments, academic guidance and moral support from her consultant and others that she would like to express her sincere thanks.

Firstly, the writer would like to express her great gratitude to Drs. H. Tri Harsono, M.Si as her consultant for his generous assistance, guidance, advices and valuable time to read and discuss the thesis until it is completed. The author also would like thank profusely to Prof. Drs. Motlan, M.Sc, Ph.D., as dean of the Mathematics and Natural Science Faculty, State University of Medan. Prof. Dr. rer. nat. Binari Manurung, M.Si, Syarifuddin, M.Sc, Ph.D, and Dr. Syahmi Edi, M.Si as the lecturer team of examiners for their suggestion and constructive criticisms for the thesis revision and Dra. Rosita Tarigan, M.Pd as her academic supervisor who has guided the author during academic program.

My never ending thankfulness is fully to my beloved father Mugimin Syatriadi and my mother Fauziah Siregar for their everlasting love, hopeful prayers in her life, the entire moral and the financial support that have enabled her to finish her study. Her special thanks and admiration are also due to her beloved sisters and brother, Deviana, Dodi Arisandi, Edi Handoyo, Ramadhan Abdiansyah and Mawar Afriza.

The writer also thanks to the headmaster of SMA Negeri 11 Medan, Drs. K. Lumbantoruan, M.Pd and Biology teacher Daryanti S.Pd, M.Si , all teachers and students especially XI IPA in SMAN 11 Medan who received the presence of the author during research in these classes. My gratitude also goes to BIOTA, my best friends Ari, Thata, Rafika, Hafizah, Saodah and all my friends in class

Biology Bilingual Education 2010 who helped me during this research can be completed on time.

The writer had tried as much as possible in the completion of this thesis, but the writer is aware there are still many weaknesses in terms of content and grammar, therefore the writer is pleased to receive some suggestions and constructive criticism from readers for this thesis perfectly. Presumably the contents of this thesis are useful in enriching science and education.
