

## ACKNOWLEDGEMENT

The greatest praise and thankfulness to the Almighty God for His Grace and Blessing who always give health, spirit, strength, and everything to the writer in finishing this thesis well and accordance to the planning time.

The title of this thesis is “ The Development of Innovative Learning Module on Teaching of Electrolyte and Non Electrolyte Solution Based on Curriculum 2013” has been arranged to obtaine the degree of Sarjana Pendidikan in Department of Chemistry, Faculty of Mathematics and Natural Science (FMIPA), State University of Medan (UNIMED).

In this oppurnity, I would like to express the great appreciation to Prof. Drs. Manihar Situmorang, M.Sc.,Ph.D., as my Thesis Supervisor and Prof. Dr. Ramlan Silaban, M.Si., Dr. Zainuddin Muhtar,M.Si., Dr.Marham Sitorus, M.Si., as the contributor for their valuable time spent in giving guidances, advices, motivations, comments, and suggestions during the process in finishing this thesis.

I also says thanks to Prof.Drs. motlan, M.Sc.,Ph.D., as the dean Faculty of Mathematics and Natural Sciences, State University of Medan, then Dr.rer.nat.Binari Manurung, M.Si., and Dr.Iis Siti Jahro,M.Si., as the head and Secretary of Bilingual Program. Great thanks to Dr. Retno Dwi Suyanti, M.Si., and Dra. Ani Sutiani, M.Si., as the expert lecturer to Standarize the module in this research. And also thanks to Syamsuddin, S.E., as bilingual staff for helping in administrative assitance and kindness.

I am gratitute also to all lectures who have rendered their knowledge and experience during academic program in university, the principle and teacher of SMAN 5 Medan, the principle and teacher of SMA Swasta Santo Thomas 1 Medan, and the principle and teacher of SMAN 1 Percut Sei Tuan who have given their helping, motivation and support to finish the research.

The deepest and special gratitude, appreciation and love to my beloved parents, T. Marpaung and M.Silaenfor for their countless love, supports, prays, motivation and careness and also to my beloved brother, Edi Pranata that always understand me and give me support every time to do my best , and also for my big brother Rikardo Marpaung S.Pd and my little brother Irfan Marpaung and two younger sisters, Sisca Marpaung and Efratiwi Marpaung who have given great motivation during finish this thesis.

And special thanks also for my best friend, Bernike Firmayanti Aruan where we always together during starting research untill finish, and Sinitta Ella Siregar, and also for all of Bilingual Chemistry 2010. And unforgettable for my Boy Syukri Tambunan that help me ang give support and also for his mother that always give me support during finis this thesis.

Finally, I hopes this thesis would be useful for everyone who like to explore more about the learning media and method that suitable to learn Electrolyte and Non Electrolyte Solution and chemistry generally. May God bless us forever.

Medan, July 2014

Writer,

**Dewi N Marpaung**
