

ACKNOWLEDGEMENT

Thankful to Allah S.W.T., The Almighty God, for all the graces and blessing that provide health and wisdom to the author to compose this thesis well and accordance with the planned time.

The title of this thesis is The Implementation of STAD Type of Cooperative Learning With Multimedia Based on Computer To Foster Teamwork and Increase Achievement of Student In Redox Reaction Topic, conducted in SMAN 3 Medan, SMA Laksamana Martadinata and SMA Krakatau Medan in academic year 2013/2014. This thesis is arranged to obtain the degree of Sarjana Pendidikan in Chemistry Department, Faculty of Mathematics and Natural Sciences, State University of Medan.

The author convey gratitude to late Prof. Dr. Suharta, M.Si (Alm) as my thesis supervisor and continued by Prof. Dr. Ramlan Silaban, M.Si as my thesis supervisor who had provided guidance, support and suggestion since the beginning until the completion in writing the thesis. The author also give thanks to Prof. Drs. Manihar Situmorang, M.Sc., Ph.D, Dr. Iis Siti Jahro, M.Si, and Drs. Jamalum Purba, M.Si, as an evaluator committe who has provided suggestions for the completion of thesis. The thank also gives to Prof. Drs. Motlan, M.Sc., Ph.D, Dean of Mathematics and Natural Sciences Faculty, State University of Medan and also thanks to Prof. Dr.rer.nat, Binari Manurung, M.Si as Coordinator of Bilingual Programme, their advices and other necessary administrative.

I also give thanks to Prof. Dr. Albinus Silalahi, M.S, as the academic supervisor who always guided the author during the lecture and all lecturers in Chemistry Department FMIPA UNIMED who helped the author. The author also present thanks to Principal of SMAN 3 Medan, Drs. Sahlan Daulay, M.Pd, Principal of SMA Laksamana Martadinata, Dr. Ir. H. Suditama, MT, and Principal of SMA Krakatau, Drs. Edi Siswanto and all chemistry teachers in the schools who helped the author during the observation and research in SMAN 3 Medan, SMA Laksmana Martadinata and SMA Krakatau Medan.

Greatfull thanks to Allah S.W.T. because gives me best parent, H. Mansyur and Hj. N. Rangkuti, who caring, raising and educating me with love and affection. Thanks for the prayer, motivation and sacrifice of my parent so I can complete Sarjana Pendidikan (S.Pd) from State University of Medan. Thanks also for my beloved sisters and brother, Rina Nurmaningsih, A.Md, Sri Rahayu, A.Md, Juli Meliza, S.Pd., M.Si and M. Raja Mulia, S.H, who give me support and motivation until the completion of this thesis. The authors also express thanks to best friends, Ilmi Fadhilah Rizki, Shofiyah, Rudi Purwanto, and my thesis team, Fenny Rizky Amelia and Ervi Luthfi Sheila Wani Lubis and also big family of CESP 2010, thanks for your support, help, motivation and friendship. Thanks also gives to Reza Adriansyah, who always gives help, motivation and support to the author in completing the thesis. Thanks for people who involved in the process of writing until completion of this thesis.

The author tried maximal effort in the completion of the thesis, but the author is aware of there are many weakness in terms of both content and grammar. Author hope the suggestions and constructive criticism from readers for completeness the thesis perfectly. At least, author hopes this thesis can be useful to enrich the reader in science education.
