

TABLES LIST

Tables	Page
Table 2.1. The Characteristics of Education in Consideration of School Lab & Virtual Lab	15
Table 2.2. Kind of Salt	16
Table 3.1. Criteria of Standardization of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic by the Experts	24
Table 3.2. The Percentage Criteria	28
Table 4.1. Result of Building Existence of Chemistry Laboratory at Schools	29
Table 4.2. Result of Condition of Chemistry Laboratory at Schools	30
Table 4.3. The Percentage Criteria of Appropriateness Condition of Chemistry Laboratory in Schools	31
Table 4.4. Description of Module or Guidebook of Practical Chemistry that was Analyzed in Salt Hydrolysis Topic	32
Table 4.5. Result of Standard Analysis of Appropriateness Description Material Book Code X by Chemistry Teacher	33
Table 4.6. Result of Standard Analysis of Appropriateness Description Material Worksheet Code Y by Chemistry Teacher	34
Table 4.7. Result of Standard Analysis of Appropriateness	35

Description Material in book Code Z by Chemistry Teacher		
Table 4.8.	The Average Percentage of Content Appropriateness of Completeness Depth, Design and Language for Books that Analyzed	36
Table 4.9.	The Result of Appropriateness Test of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic by Chemistry Teachers	38
Table 4.10.	The Percentage Criteria of Appropriateness of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic	39
Table 4.11.	The Comment and Suggestion from Chemistry Teachers	41
Table 4.12.	The Result of Appropriateness Test of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic by Chemistry Lecturers	42
Table 4.13.	The Percentage Criteria of Appropriateness of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic	43
Table 4.14.	The Comment and Suggestion from Chemistry Lecturers	44
Table 4.15.	Trial of Innovative Chemistry Module with Integration of Experiment for Each Schools	45
Table 4.16.	The Assessment Result of Appropriateness Test of	46

	Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic by Students in SMAN 1 Binjai	
Table 4.17.	The Assessment Result of Appropriateness Test of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic by Students in SMAN 2 Binjai	47
Table 4.18.	The Assessment Result of Appropriateness Test of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic by Students in SMAN 5 Binjai	48
Table 4.19.	The Assessment Result of Appropriateness Test of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic by Students in Three Schools	49
Table 4.20.	The Percentage Criteria of Appropriateness of Innovative Chemistry Module with Integration of Experiment on Learning Salt Hydrolysis Topic	50
Table 4.21.	Comparison Percentage of Assessment Result by Chemistry Teachers, Chemistry Lecturers of Mathematics and Natural Science Faculty of State University of Medan and Students Grade XI	54
