

ACKNOWLEDGEMENT

All praise and honor be to Almighty God who has power over the endless blessings that given to me in the preparation and conducting of this research from beginning to end.

The title of the thesis is “The Implementation of Inquiry-Based Learning Model with Concept Mapping to Improve Student’s Achievement and Interest on Salt Hydrolysis Topic”. This thesis is aimed to fulfill the requirement for Degree of Chemistry Education, at Chemistry Education, Faculty Mathematics and Natural Science (FMIPA), State University of Medan.

My honorable presents to Prof. Drs. Motlan, M.Sc, Ph.D., as the Dean of FMIPA Unimed, Prof. Dr. rer. nat Binari Manurung, M.Si., as the Coordinator of Bilingual Program in FMIPA Unimed, Dr. Iis Siti Jahro, M.Si., as the Secretary of Bilingual Program in FMIPA Unimed, and Agus Kembaren, S.Si,M.Si as the Head of Chemistry Department in FMIPA Unimed.

In this arranging the thesis, I would give my special gratitude to my Thesis Supervisor, Drs. Rahmat Nauli, M.Si for all his kindness, support, suggestion, help, and appreciating among my thesis arrangement. I also thanks to Dr. Iis Siti Jahro, M.Si as my Academic Supervisor for her support and advice in my learning academic during been in college.
