| <b>CHAPTER I INTRODUCTION</b>              | <b>1</b>   |
| 1.1. Background                            | 1          |
| 1.2. Problems Identification               | 8          |
| 1.3. Problems Limitation                   | 8          |
| 1.4. Problems Formulation                  | 8          |
| 1.5. Research Objectives                   | 9          |
| 1.6. Research Benefits                     | 9          |
| 1.7. Operational Definitions               | 9          |
| <br>                                       |            |
| <b>CHAPTER II LITERATURE REVIEW</b>        | <b>11</b>  |
| 2.1 Theoretical Framework                  | 11         |
| 2.1.1 Mathematical Communication Ability   | 11         |
| 2.1.2 Cooperative Learning                 | 15         |
| 2.1.2.1 Definition of Cooperative Learning | 15         |
| 2.1.2.2 Cooperative Learning Type TGT      | 17         |
| 2.1.3 Learning Cycle Model                 | 20         |
| 2.1.3.1 Constructivism Learning            | 20         |
| a. Definition od Constructivism Learning   | 20         |
| b. Constructivism in Education             | 21         |

|   |   |           |
|---|---|-----------|
| 2.1.3.2                                 | Learning Cycle Model                          | 22        |
| 2.1.4                                   | Character Education                           | 25        |
| 2.1.4.1                                 | Definition Character Education                | 25        |
| 2.1.4.2                                 | Function Character Education                  | 26        |
| 2.1.4.3                                 | Purpose Character Education                   | 27        |
| 2.1.4.4                                 | Value Character Education in Schools          | 27        |
| 2.2                                     | Relevant Research                             | 29        |
| 2.3                                     | Conceptual Framework                          | 29        |
| 2.4                                     | Hypothesis                                    | 30        |
| <b>CHAPTER III RESEARCH METHODOLOGY</b> |   | <b>31</b> |
| 3.1.                                    | Location and Time of research                 | 31        |
| 3.2.                                    | Population and Sample of Research             | 31        |
| 3.3.                                    | Variable of Research                          | 31        |
| 3.3.1                                   | Independent Variable                          | 31        |
| 3.1.2                                   | Dependent Variable                            | 31        |
| 3.4.                                    | Design of Research                            | 32        |
| 3.5.                                    | Procedur est of Research                      | 32        |
| 3.5.1                                   | Preparation Phase                             | 32        |
| 3.5.2                                   | Implementation Phase                          | 33        |
| 3.5.3                                   | Last Phase                                    | 33        |
| 3.6.                                    | Research Instrument                           | 34        |
| 3.6.1                                   | Test Of Mathematical Communication Abiity     | 35        |
| 3.7                                     | Instrument Trial                              | 37        |
| 3.8                                     | Analysis Data Technique                       | 37        |
| 3.8.1                                   | Calculating Average of Score                  | 37        |
| 3.8.2                                   | Calculating of Deviation Standart             | 37        |
| 3.8.3                                   | Normality test                                | 37        |
| 3.8.4                                   | Homogeneity Test                              | 38        |
| 3.8.5                                   | Hypothesis Test                               | 39        |
| 3.8.6                                   | Correlation between Mathematics Communication |           |

| <b>CHAPTER IV RESEARCH RESULTS AND DISCUSSIONS</b>   | <b>42</b>  |
| 4.1 Description of Research Result   | 42         |
| 4.1.1 The of Mathematical Communication Ability Test   | 42         |
| 4.2 The Analysis Data of Result Research   | 43         |
| 4.2.1 Normality Test of Student's Mathematical Communication Ability                                       | 43         |
| 4.2.2 Homogeneity of Mathematical Communication Ability Test   | 43         |
| 4.2.3 Hypotheses   | 43         |
| 4.2.4 The Difference in Charaterictics Student's Answer in Research Result                                 | 44         |
| 4.2.5 Correlation Test of Student's Mathematical Communication Ability with Students's Character Education | 46         |
| 4.3 Research Discussion  | 47         |
| <b>CHAPTER V CONCLUSION AND SUGGESTION</b>   | <b>49</b>  |
| 5.1 Conclusion   | 49         |
| 5.2 Suggestion   | 49         |
| <b>REFERENCE</b>   | <b>51</b>  |
| <b>APPENDIX</b>  | <b>55</b>  |
| <b>DOCUMENTATION OF RESEARCH</b>   | <b>152</b> |
