| Table 2.2. Syntax Type Cooperative Learning TGT                        | 15          |
| Table 2.3 Criteria Group Award   | 18          |
| Table 2.4 Results of Previous Research                                 | 20          |
| Table 2.5 Conversion Scale Thermometer                                 | 28          |
| Table 2.6 Coefficient of Expansion Various Substances                  | 32          |
| Table 2.7 Table Thermal Conductivity Some Substance                    | 34          |
| Tabel 3.1 Two Group Pretest – Posttest Design                          | 42          |
| Tabel 3.2 Table Spesification Tests of Student Learning Outcomes       | 46          |
| Table 3.3 Category Control Learning Materials                          | 47          |
| Tabel 4.1 Results Pre-test on Experimental and Control Class           | 52          |
| Tabel 4.2 Results Post-test on Experimental and Control Class          | 54          |
| Table 4.3 Summary of Average, Deviation and Variance of pre-test data  | 55          |
| Tabel 4.4 Summary of Average, Deviation and Variance of post-test data | 55          |
| Tabel 4.5 Summary of Normality test on Experiment and Control Class    | 56          |
| Table 4.6 Homogeneity Test Results Summary Second Class                | 57          |
| Tabel 4.7 Summary Of Hypothesis Test From Post-test                    | 58          |
