

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1 Conclusion

After analyzing the data in Jokowi's campaign speeches, the researcher has written and scrutinized in the previous chapter, she discovers that speech acts have a role to deliver an understanding of information conveyed in the speech to the listeners. So, it is important to know speech acts. especially in campaign speeches. The important of understanding of speech acts the research upon the Jokowi's campaign speeches has been done and the result can be conclude as the following.

- a. All types of speech acts were used in Jokowi's campaign speeches, such as locutionary act, illocutionary act can be classified into five parts; there were assertive, directive, commissive, expressive, declarative and the last types was perlocutionary act. And the The most dominant type of speech act found in Jokowi's campaign speeches is Illocutionary act with classified directive and form of warning.
- b. The realization of illocutionary act used in Jokowi's campaign speeches, the directive speech act was used in form of warning, commanding, promising, offering, questioning, requesting.
- c. Jokowi used illocutionary act in his campaign speeches. Because illocutionary act is very useful . by using illocutionary act in Jokowi's

campaign speeches, the speaker and the audience will have the same understanding about the speech. Speech acts have a function to identify what the speaker means from his utterance, which influences the meaning and information of the speech. The speech will be interesting if the listeners are easy to get the information of the campaign speech.

5.2. Suggestions.

The study of speech acts in Jokowi's campaign speeches is very interesting, especially to those who would like to know the use of different types of speech acts in more details. So, the researcher offers some suggestions as follows:

1. The speaker will hopefully give more attention to speech acts because it can lead the audience to understand and get information from the speech, especially speech acts in Jokowi's campaign.
2. Other researchers are advised to conduct further studies on speech acts, particularly those found in speech, to give clear information that knowledge of speech acts will help the audience to understand what the speaker talks about in the speech.
