

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

A. Conclusions

After analyzing the data, it was found that the students' score increased from Cycle I namely from first meeting until fourth meeting and Cycle II namely from fifth meeting until sixth meeting. In all the meetings, it showed that the students got improvement in writing narrative paragraph by using Animation Movie. The mean of the students' score in Cycle II was 80.28 which higher than the mean of students' score in Cycle I was 74.31, and then the mean of orientation test was 61.85. it also provide by the observation sheet's result, interview, questionnaire, and diary notes results indicated the improvement in teaching-learning process from Cycle I to Cycle II. Based on the data, conclusion is that teaching by using animation movie can improve students' writing.

B. Suggestion

Based on the conclusion drawn, the results of the findings show valuable contribution for those who are interested in teaching writing, especially:

1. To the English teachers:

It is advisable to use Animation Movie in teaching writing so that the process of teaching can be fun and enjoyable.

2. To the students:

Students are encouraged to watch programs and then write narrative paragraph.

3. To the readers:

It is expected them to get some valuable information on writing by using animation movie. It also becomes one inspiration get more information.

4. To other researcher to conduct a research more in-depth on the application of animation movie.
