

## **CHAPTER V CONCLUSIONS AND SUGGESTIONS**

### **A. Conclusions**

Based on the result of the study, the conclusions were drawn as follows;

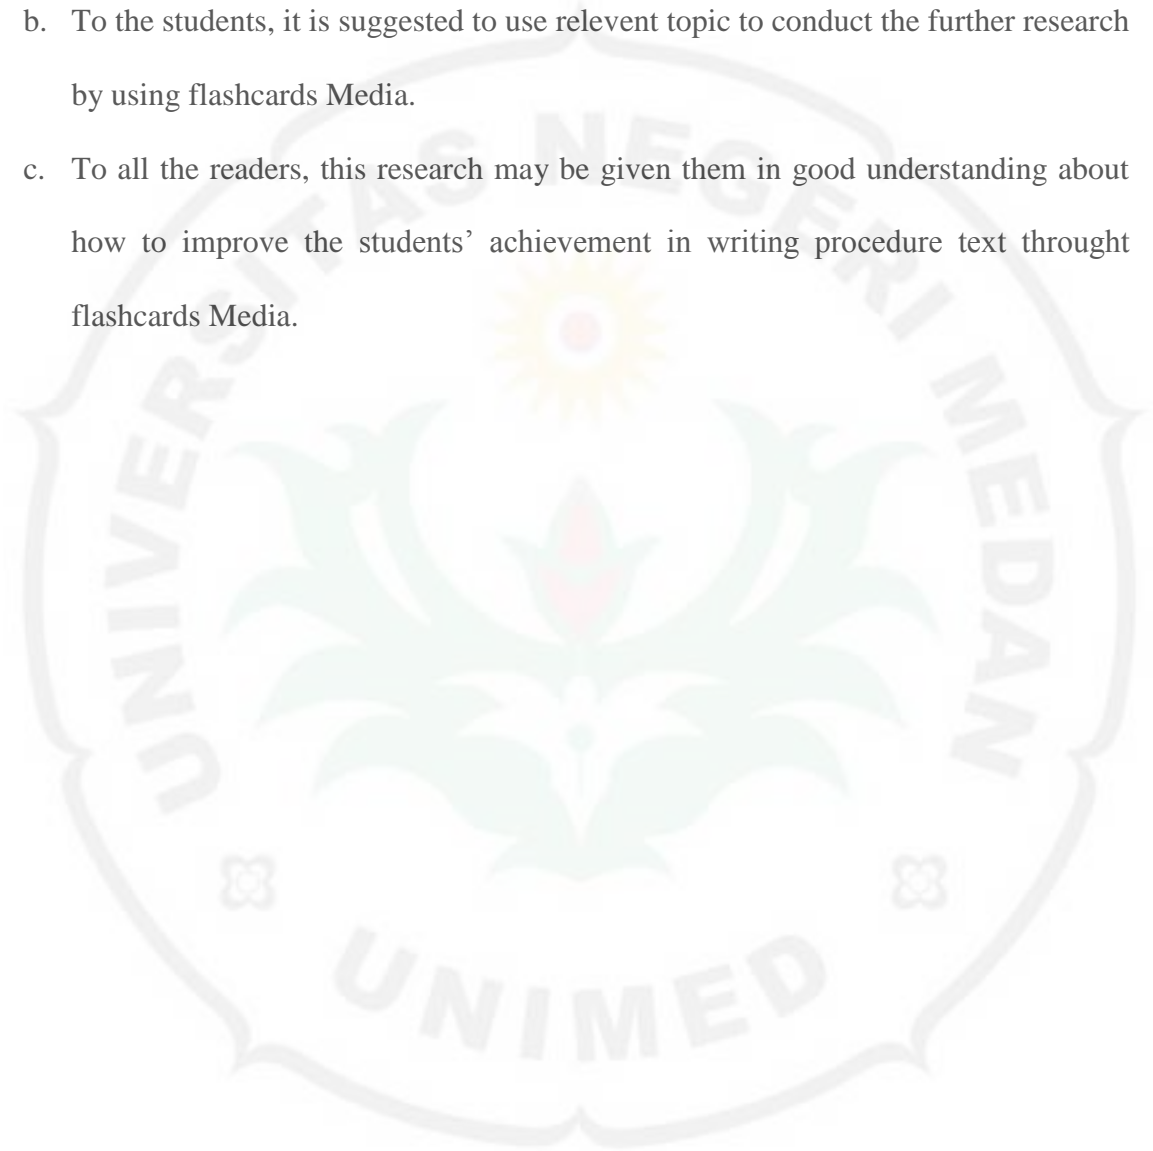

1. There was an improvement of the students' achievement in writing procedure text if it taught by using flashcards Media. It is showed from the mean of the students' score in three test: test I on in Orientation test (65,33), test II in cycle I (70,33), and test III in cycle II (75,66). It meant that the use of flashcards Media could improve the students' achievement in writing procedure text.
2. The observation sheet, interview sheet and diary notes indicated that there was an improvement for the students' abilities. It is showed that most of the students' became more active when studying in groups. It is strengthened by the improvement for the students' writing score.
3. It is proved quantitatively and qualitatively that the application of flashcards Media could improve the students' achievement in writing procedure text

### **B. Suggestions**

The result of this study showed that the use of flashcards Media could improve the students' achievement in writing procedure text. The following suggestions are offered:

- a. To English teachers, it is better to use flashcards Media in teaching learning process to make the teaching learning process be more interesting, attractive and lively.

- b. To the students, it is suggested to use relevant topic to conduct the further research by using flashcards Media.
- c. To all the readers, this research may be given them in good understanding about how to improve the students' achievement in writing procedure text through flashcards Media.
