

CHAPTER V CONCLUSION AND SUGGESTION

A. Conclusion

Based on the result of the study, the conclusions are drawn as follows:

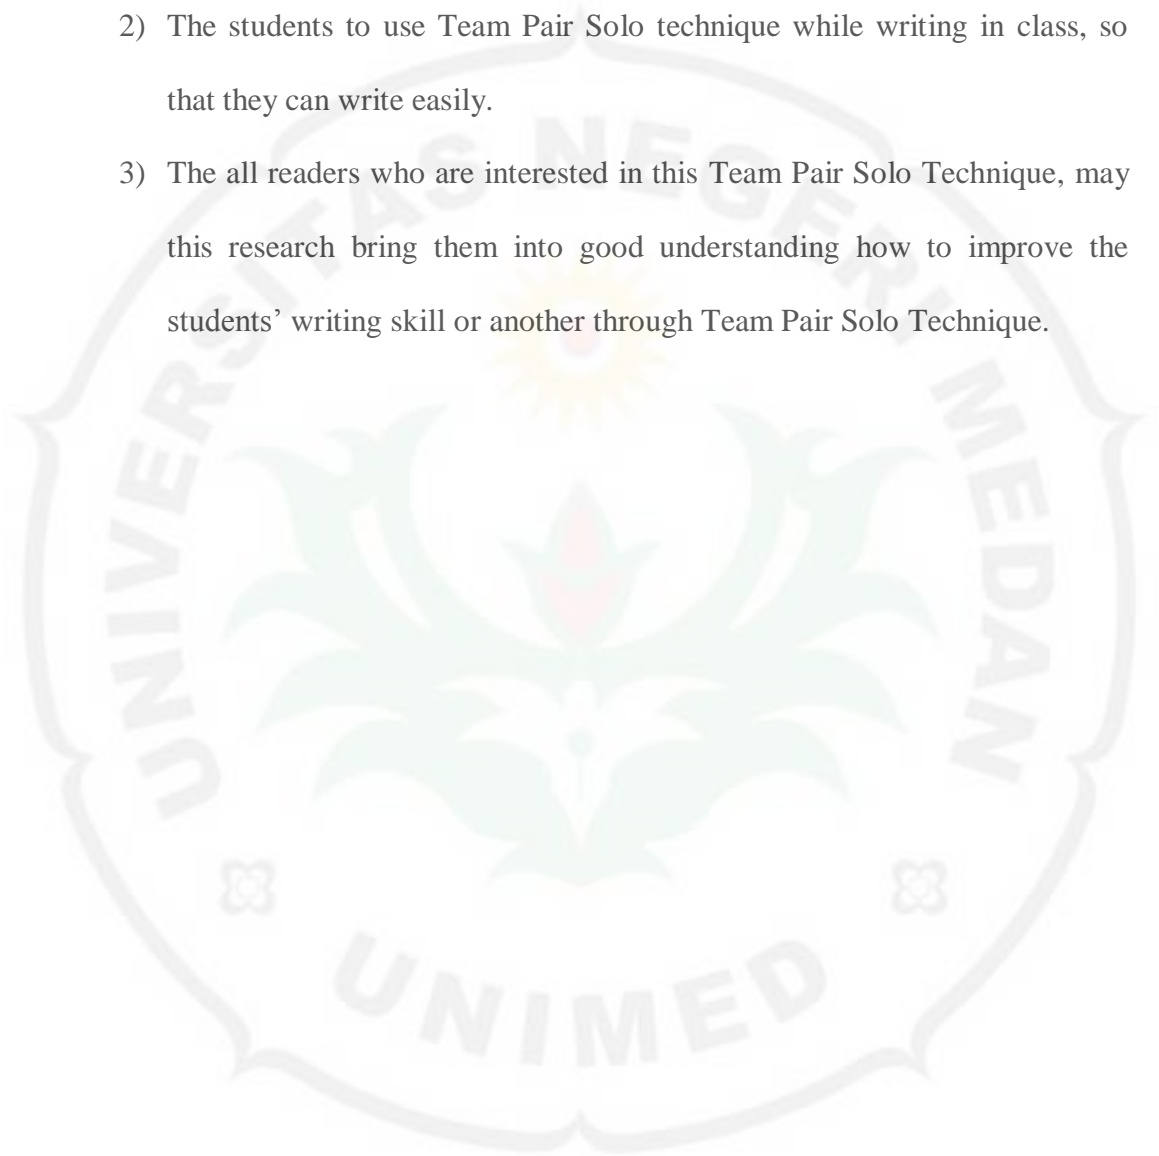

- 1) The ability of the student in class X-M.Sains of SMA Swasta Sinar Husni in writing procedure text was improved. It can be seen from the mean of the students' score in writing test. In orientation test, the mean is 54,9. In cycle I test the mean is 71,8. And in cycle II test, the mean is 87,2.
- 2) The students' score continuously improved in each writing test and they could produce a good procedure text individually.
- 3) The students were more active, interested and enthusiastic in writing procedure text.
- 4) Team Pair Solo technique helped the students to understand the content of the text and the element of the procedure text by practiced themselves in the steps of Team Pair Solo technique.

B. Suggestion

Based on the result of this study, Team Pair Solo technique could improve the students' achievement in writing procedure text. The researcher would like to give some suggestions to:

- 1) The English teachers to use Team Pair Solo Technique because Team Pair Solo can make teaching-learning process more enjoyable and make the students more active.

- 2) The students to use Team Pair Solo technique while writing in class, so that they can write easily.
- 3) The all readers who are interested in this Team Pair Solo Technique, may this research bring them into good understanding how to improve the students' writing skill or another through Team Pair Solo Technique.
