

CHAPTER V CONCLUSION AND SUGGESTIONS

A. Conclusion

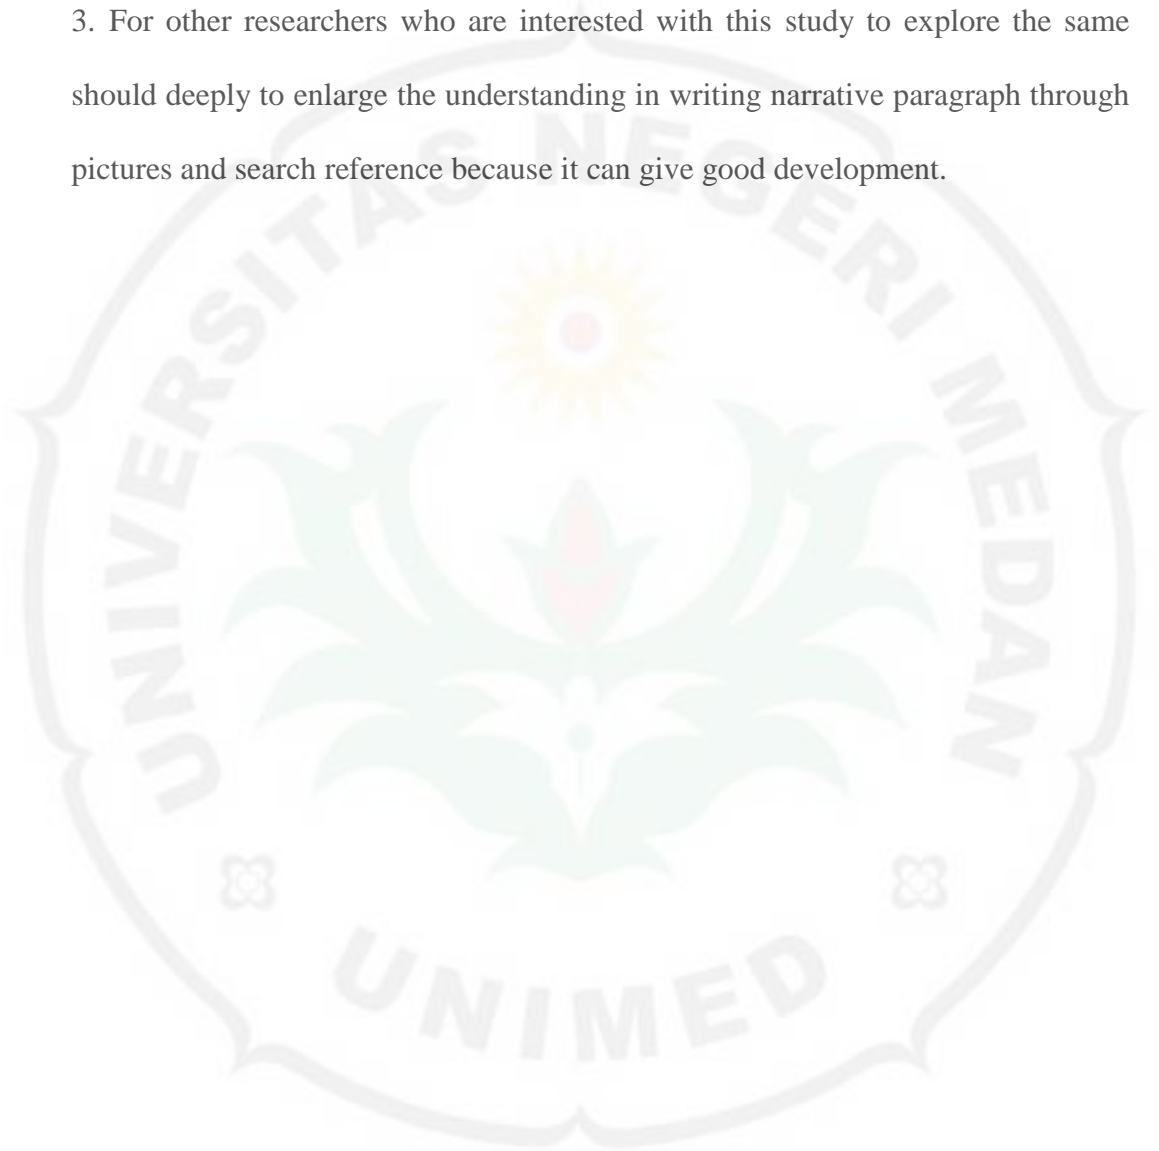

After analyzing the data, it was found out that the students' writing score increased from the first cycle to the second cycle. It means that there was an improvement on the students' achievement on writing narrative paragraph test through pictures. The analysis of quantitative data showed that the scores improved from the first test to the last test eventually. Furthermore, it was also proved through the observation sheet, interview sheet, questionnaire sheet and diary notes which indicate there was an improvement in learning result through pictures in teaching and learning process from the first cycle to the second cycle. Therefore, pictures improve the students' achievement on writing narrative paragraph.

B. Suggestion

The result of this study shows that the use of pictures improves the students' achievement on writing narrative paragraph. These following suggestions are offered:

1. For the English teachers; it is better to use pictures in teaching writing because this strategy helps the teacher in motivating the students to start writing and the strategy involves the pictures that provide details as the idea for writing the paragraph.
2. For the students; it is better for them to apply picture while writing narrative paragraph to improve their achievement.

3. For other researchers who are interested with this study to explore the same should deeply to enlarge the understanding in writing narrative paragraph through pictures and search reference because it can give good development.
