

## CHAPTER V

### CONCLUSIONS AND SUGGESTIONS

#### A. Conclusions

Having collected and analyzed the data, some conclusions are given below:

- 1) All maxim are violated in the Debate Jakarta Governor, they are violation of maxim quality, maxim quantity, maxim relation, and maxim manner; these types are the same as those in the theory cooperative principle.
- 2) From the violation maxim, it creates an implicature (special messages) by their utterances to the viewers who watching the debate forum, because in this debate the goals from each candidates is to get more support and sympathy from the voters.

#### B. Suggestions

Having conducted a research about an analysis of violation of maxim and implicature, it is useful to consider the following suggestions:

- 1) To everyone especially student of applied linguistics, who are speaking especially in a formal situation like the candidates of debate forum who watched by many viewers, should follow the cooperative principle, by giving complete, clear, true, and orderly information.
- 2) To candidates of debate forum, it is suggested to avoid the violation maxim which create an implicature, because not everyone knows the implication from the utterance which created by violation maxim.
