

CHAPTER V

CONCLUSION AND SUGESSTION

A. Conclusion

After analyzing the data, conclusion are drawn as follows:

1. There are four types of speech functions: they are statement, questions, offer and command. All the types are used in top 25 Michael Jackson's song. The total of speech function are occurrences 528 (100%) with the deals as follow: statement is 342(64.7%), question is 103 (19.5%), offer 9 (1.7%) and command 74 (14%).
2. The dominant type of speech function which is used in top Michael Jackson's song is statement 342(64.7%).
3. Dominant mean the highest proportion. The highest proportion in the use of statement and giving are due to the fact that song deals with the commodity of giving information rather than demanding goods and services.
4. From the previous analysis, it can be seen that statement and giving are generally used in the song. It means that statement forms are uttered when the singer wants to give the information in an entertaining way to the reader.

B. Suggestion

Referring to the result of this research, the following suggestions are given:

1. The students of English Department are advised to study more about speech function, so they can get better understanding how speech function are used especially in song.

2. For other researcher, it is suggested that the result of the study will be very useful for them in conducting a research related to the same study.
3. The readers are suggested to know how speech function use in communication or use in their daily communication to avoid misunderstanding.
4. Those who are interested to analyzing song are suggested to enlarge their knowledge what types of speech function in functional grammar.
