

## **CHAPTER V CONCLUSIONS AND SUGGESTIONS**

### **A. Conclusions**

After the data have been analyzed in the chapter iv, the conclusions can be drawn below:

1. There are five types of presupposition that contained in the data of Voice Over in Tangkis Program on Deli TV, they are Existential Presupposition (72%), Lexical Presupposition (5%), Factive Presupposition (6%), Non-factive Presupposition (12%), and Counterfactual Presupposition (5%).
2. The meaning of the data based on types of presupposition that contained in the data is to inform the readers or listeners about something happen with someone, especially crime scenes.
3. The dominant types of presupposition in this study is Existential Presupposition, which means Voice Over of Tangkis Program in Deli TV purposed to tell the reader a news that occurred to somebody especially crime such as murder, accident, etc.

### **B. Suggestions**

Based on the conclusion, there are some suggestions which are useful for :

1. English Department students who wants to analyzing presupposition in their research, can use this research as references.

2. The readers who wants to learn more about presupposition, can use this research as references or even comparison to other same topic by another writers.
3. Linguistic at State University of Medan, this reasearch may increase the bank of reasearch study about presupposition as the references
