

CHAPTER V CONCLUSION AND SUGGESTION

A. Conclusions

After analyzing the types of code mixing were used in Hitam Putih Talk Show program on Trans 7 applied by the host and the guest star as follows:

1. Three types of code mixing were found in three episodes of Hitam Putih Talk Show. The types of code mixing were insertion, alternation, and congruent lexicalization.
2. The most dominant type of code mixing was used in Hitam Putih Talk Show program was alternation type. There were 149 numbers from 353 numbers as alternation.
3. From the reason has been found by the researcher, it can be concluded about the reason of the host and the guest star used code mixing in their conversation and the main reason why the program used code mixing was because of social community with the percentage of 33,33% in talk show .

B. Suggestion

Based on the conclusion above, the researcher would like to propose some suggestion as follows:

1. For other researcher who want to conduct code mixing study as their research, they must be understand and learn more about this research.

2. They can use the different object of the research such as movie, magazine, novel, advertisement or songs.
3. It is suggested that the speaker should be concerned about the use of code mixing that is utterance in talk show although the study about mixed language, but the purpose is still understood by the viewers.
