

CHAPTER V

CONCLUSION AND SUGGESTIONS

A. Conclusion

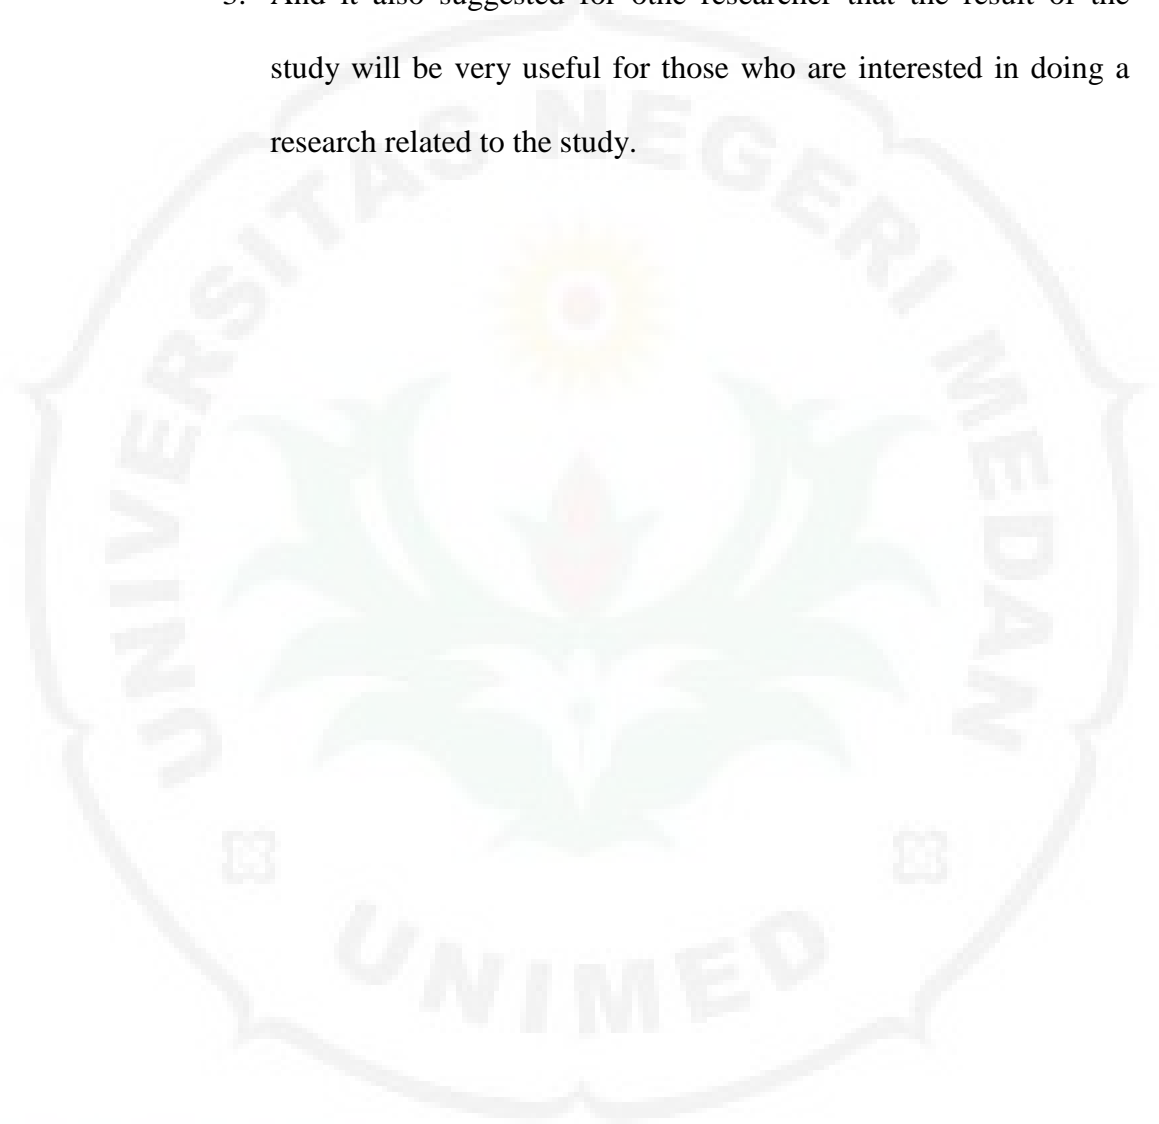

After analyzing the data, it was concluded that there is a significant effect teaching by using teams games tournament method on students' achievement in vocabulary. Teaching vocabulary by teams games tournament method give better result than conventional method. The result of calculation t-test show that the score of t-observed (6.81) > the score of t- table (1.668). It mean that the alternative hypothesis (Ha) is accepted. So, it is concluded that teaching vocabulary by using teams games tournament method has significant effect than teaching vocabulary by using conventional method.

B. Suggestions

As the result of the study, it is suggested that:

1. Students are more active in the class when they are taught by teams games tournament method because the students work together to maximize their own and each other's learning.
2. The English teacher should use the method in their attempt to improve students' achievement in vocabulary, especially for the students who have difficulty to explore ideas, to think of what on the vocabulary.

3. And it also suggested for othe researcher that the result of the study will be very useful for those who are interested in doing a research related to the study.
